tiffany stevenson(03/03/1990)

I've been singing every since i can remember. When i was younger, i would always pretend like i was on a microphone singing in front of all my friends and family. Times got hard. I was in many different foster homes along with my other four sisters. I was in a near fatal car accident when i was just two years old which left a scar on my forehead. I got adopted when i was ten years old to the Shurn family in which i feel truely blessed to be in their presence. Im a singer/songwriter of my own music and hopefully one day i will become discovered through what i really want to do in my life. Most of my poems are really fit for my singing lyrics because that's what i do and i want my music to show through my poems.

Could It Be I'M Falling In Love?

What are these crazy feelings that i've been feeling lately?
Is this the sign that i'm going insane?
Why am i feeling like this?this is so weird
Am I going the right way? Is this the wrong lane?
Why are butterflies in my stomach? I feel the since of vomit
I must really be losing my mind....
I think im going to lose my head....gone, Gone, GONE! ! !
I feel so off....these are some crazy feelings
I wonder do he feel the same way i do.....
He told me that he loved me, but why does this feel so untrue?
I want to believe him, in other terms i want to believe it's all a lie...
Why are these feelings in my heart? ? ? Oh man this is really strange
It's like i have so much love for him, i don't want to feel this way! ! !
I don't now but something tells me that i'll be okay.....
Why! Why! WHY! ! ! ! this thing really hurts.....
So much affection, so much passion, so much.....
LOVE! ! ! ! ! ! !
That's it! ! ! ! ! I knew it would come close to this.....i just knew it
It's love! ! ! ! ! ! ! But why do i have so much to give to one person?
He's not all that special, he is quite handsome though...
Could this be that all my love is for him because....
wait.....I'm in love! ! ! ! ! ! I fell in love with love itself....
I love him! ! ! ! ! !

Goodbye

It's been the longest time
Since we seen each other
I spent all my time
Drowning in my sorrow
Should've let you known from the start
That i didn't gaurantee that it would last
But for all my mistakes and faults
I lost the best thing i ever had

You lay at night in bed and wonder
How you gonna make it through the night
You never let me see your tears
But how many times did you cry, did you cry
When i said goodbye

I Love You

Sitting here thinking of something to say
Can't remember how long its been, since i last saw your face
I've been thinking about you for some days
This long distance conversation we have is so far away
I can't erase the way i feel no
It's like i pressed rewind way too slow
It's like a song without the melody
And losing you never did set me free

I love you, place no one above you
I adore you, boy i really need you
I can't go anywhere, can't do anything
You give my life new means
Be all that i can be
I love you, place no one above you
I adore you, boy i really need you
I feel i can do anything, you give my life new means
You make my life complete, when you are here with me

Look What You've Done

When we were together, everyday seemed clear
Took me places that were lots of fun
Know your gone but i can still feel your atmosphere
Oh! Reminiscing on the things we've done
Know my heart is bleeding.....bleeding for your love
I need to have that feeling, i want to feel your touch
I can see us together
And never to depart
You swore you'd never leave me, you promised from the start.....

Look what you done, you broke the promises that we made
Look what you done, because of you i cannot face another day.
The kiss we shared was the last kiss
But that was in the past....
Look what you done, the greatest love of all
Was the love we had

Devoted all my time, i could give to you
But you played me like a joke
How do you mend a heart thats broke?
I can't lie, i won't deny..
But you took the best of me, the tears i hold back you cannot see
The dreams i once had will never be
I was a fool to fall for you,
You left me in the cold.
The pain gets so hard to bare, i cannot hold nomore

Look what you done, you broke the promises that we made
Look what you ddne, because of you i cannot face another day.
The kiss we shared was the last kiss
But that was in the past...
Look what you done, the greatest love of all
Was the love we had.

I believe in all things, and i now i'll find my way
Losing you was the worst thing that ever came my way
It hurts me just as much as it hurts you
But i got to let you now
I will never fall, i'll forever stand, i will never go

Lost(Give Away One Of My Babies)

I'm feeling lost about these two relationships.
I can't decide which one of these boys i should pick
They both hold me down, so i treat them both the same
One's been around longer.....the other gives me everything
I'm not trying to break no ones heart,
Should've let them both now from the start
Somethings got to change...
I can't live my life the same
I got to give away one of my babies

Know this going to be the hardest thing i ever have to do
I got to choose.....between him and you
We got history together....i been with you forever
As far as i can remember, you were the one in my life
How could i ever let you go?
I don't know.....we got lost on the road
But baby just keep the hope, and do the right thing
Maybe you could be the one that's here with me
You're family and me don't get along...
Maybe.....it's cause they think I'm doing you wrong
You might deserve better
But in the end we going to see how this thing works out
I can't let you go, but i can't let him go
I really don't now which one to choose boy
I love you both, but i don't now
Maybe i need to live my life alone boy

Lost...about these two relationships
I can't decide which one of these boys i should pick
They both hold me down, so i treat them both the same.
One's been around longer....the other gives me everything
I'm not trying to break no ones heart
Should've let them both now from the start
Somethings got to change
I can't live my life the same
I got to give away one of my babies.

Missing You

Sometimes you lose your way and you cannot find the path.
The people you used to trust and put first, they put you last
You feel so worthless and disappointed in yourself.
The feeling of being lonely haunts you, your heart starts to melt
Know you're gone, somewhere else, far away
I dont now if i can find you.
It's been so long since i've heard from you,
What did i do?
If you dropp a needle in a haystack, is it really worth trying to find?
All the fears you face, all the things you left behind
I miss you so much, i can still feel your touch
It's been so long, you avaieth much.

No More Will I Fall In Love

I've given you my heart, I've given you my love
It all seemed like it wasn't enough
You took advantage, all my honesty and trust
Never thought falling in love could be so tough
My mama used to tell me to be careful who i love
Cause won't last that long
Should've listened from the start,
Know you see my heart,
Is torn in between this song

No, no, nomore will I fall in love
No more, said I had enough of you
And all the things you put me through
No, no, nomore giving it up
No more, said i had enough of you oh ooo oh no
No more will I fall in love
No more, no no no more

People used to judge me, like i had no feelings
Saying things like 'girl you so dumb'
But that doesn't phase me, I don't care who hates me
Because i'm not the only one
Tried to prove im worth it, even though im not perfect
I now i got my place in this world
So go ahead and laugh know
But surely after awhile
You know you'll never find another girl

No, no, nomore will i fall in love
Nomore, said i had enough of you
And all of the things you put me through
No, no, nomore giving it up
Nomore said you lost my trust oohohh
Nomore will i fall in love
No more, no no no more

So Cruel

Agree or disagree....it's all up to me
You had your fair share of being abusive
I took all the hits and all the bruises from you
All the pain and sorrow i didn't even have to go through
My mom always told be careful for what you do
Because if you don't pay attention your whole life will shatter you
I should have taken the step and left you a long time ago
But for staying, you left the marks on me for all of them to show
I loved you...i really loved you
Even after all the tears and pain and all the things you used to do
I thought i trusted you and the words you said to me
You said that you'd do whatever...whatever i wanted you would please
I gave up everything.....love, life, family.....
How could you be so cruel and so surley?
You disappoint me.....I wish i never met you
But if im feeling this way.....
Then why do i have so much love for you?

tiffany stevenson

Sorry(Put The Blame On Me)

I never meant to do those things to you
I never really ever had a clue
That the words i said would break your heart
I never meant to put the blame on you
All i ever really wanted was the truth
All the lies and denials that tore us apart
Why did it have to go that far?
Why couldn't we just give it a brand new start?
What if i'll never see your face again?
Would you say sorry for everything, that you put me through?
Why couldn't just make things like it were?
Why did we have to give up after all these years?
I want to now what happened to us
What happened to the trust?
You said you wouldn't give up!
I loved you and the things you gave to me
We ruled the world together you and me
I guess i'll never get the chance to say.....
That i'm sorry

Tiffany's Prayer

Heavenly father here i am
Here to speak once again
Lord i've been searching high and low
For some help for my weary soul
I need some shelter from the rain, cause it's bringing too much pain
Take my hand for a while
Here's a prayer from one of your childs
I know i've done wrong, and i haven't always been right
But im bowing here on bended knees, in my bedroom tonight
Forgive me for the pain i put my parents through
I've hurted them so many times, i know that i also hurted you
I don't want to disappoint you, i just want you to love me
I don't want you to disown me, i just want to feel worth it
Take care of my family, Lord they really need you know
My mom, dad, sisters, and brothers, please look down
Look down on them and hold them in your arms
Don't let them fall, Lord they need you to be strong
World hunger Lord, put a stop to it
Noone has to go through what others take for granted
Our soldiers in the war need you to protect their shields
Fighting for our nation, being strong-willed
Killing, robbery, innocent victims
Lord forgive the crooks and the people who were with them
Babies crying, old folks dying
Heal us Lord we don't need nomore goodbying
I know i've done wrong, and i haven't always been right
But im bowing here on bended knees, in my bedroom tonight
Amen
