Christmas Time

It's Christmas again
All the family is here
We all come together
This time every year

All the family travels
From places far and near
To spend some time together
And spread some Christmas cheer

We don't always get along
And some times we fight
But we love each other
And try to make things right

Follow Your Heart

Words cant describe
What i'm feeling inside
But you cant let your feelings
Control what you do
You must follow your heart
For what you know to be true

Heart Breaker

I thought I loved her
But love is blind
She broke my heart
But was still on my mind

She's like a drug
You cant live without
But your heart wont allow you
To take another route

She'll break your heart
Drive ya into the ground
Till your soul cries out
Makes an awful sound

Now, I'd never take her back
She's worse than the devil
I'd almost rather go to Hell
Even in the deepest level

(Hey guys feel free to make comments even edit or rewrite parts you feel need to change on any of my poems i'm still fairly new to this thanks for your input)

Heart Broken

I sit here in the corner
Downing in my sorrows
I can not even imagine
How I can stand to bear tomorrow

My head is filled with questions
My heart is filled with dread
I just can't myself believe
Those words that she has said

I dreamt that it would last forever
But so blindly in love I couldn't see
She wanted him
And she never loved me

My heart is broke
It's over and through
Just wanna hear her say
I really do love you

I'M Sorry

There's nothing i can do
It cant be undone.

This fight we've got into,
I wish it never had begun.

If you were here with me
I would make you see.

I'm sorry i hurt you,
wish you could see it's true.

Little Bitç#

That dirty little tramp
That trashy white ho
I was so sick of her
She had to go

She'd caused so much trouble
Heartache and pain
I wanted her dead
It drove me insane

I was terribly nervous
And filled with fright
But i was determined to kill
Little Bitç# that night

So for all the time
She hurt me before
I followed her home
To even the score

I snuck in the back door
And took her by surprise
Suddenly she screamed
And terror filled her eyes

I took out a knife
And threw her on the floor
I used it to break her heart
Like she had done mine before

Math Class

Sittin' In math class
bored as hell
What the teacher's sayin'
i still cant tell

Watchin the clock
Time slowly passes by
When i hear the bell
Out the door I'll fly

My Savior

Jesus is my savior
Jesus is my friend
Jesus is the one
Who's with me till the end

He saved my life
So till i die
His is the name
That i'll glorify

Red Moon

The sky is blue
The grass is green
The sun shines bright
Upon the world we see

A field of flowers
With birds all around
They all sing a song
It's a beautiful sound

But then I see
Way out at the horizon
Sky's turning black
And there's red moon risin'

Flowers begin to wilt
The birds are no longer singin
Black rain starts pouring
The end of the world we're seein

Shower

I like to take
long hot showers.
It usually takes me
about an hour.

Plenty of time
for me to get clean,
and maybe a little
to think and dream.

The showers a place
I'm truly alone,
no one else
not even a phone.

So get in the shower
relax for a while
maybe you'll see
it'll make you smile.

Someone Like You

The ones before you
Said they loved me
But it didnt take long
For my eyes to see

They were unfaithful
Their love was untrue
But that's why I'm so lucky
To have someone like you

You're wonderful, kind,
And pretty as can be
But I hope you can tolerate
Little o' me
