# Men Seeking Self

I'm half the man with guts  
No longer hold back the hearts turmoil  
I insisted the man himself  
Stood waiting for the sun disappeared  
After night, lonely and alone  
Tobacco smoke is so misguided  
Raced hope so fascinated

I'm a man with ten fingers  
Profiled fighting or verses agony  
Selantas diagnose the vacuum slowly  
Continue to wonder at the darkness and the moon  
If I'm me or I was not I?  
If I can be me intact or only half?  
I'm the man who came home with no answers
