# A Glimpse Of Eternity!

Eternity! Eternity! ! Eternity! ! !  
Time without end  
Eternity an endless infinity  
Imagine remaining the way you are forever  
No aging, no dying

An eternity in HELL  
Oh what tragedy!  
To be in pain endless  
In torment horrendous  
In sorrow unparalleled

An eternity in HEAVEN  
An unquantifiable joy and happiness  
Having every wish come true  
Dining with God  
Oh! What enjoyment

You have a choice  
Either an eternity in HELL  
Or an eternity in HEAVEN  
Opt for Hell and suffer forever  
Choose Heaven and live happily ever after

# The Farmer

Walking down the street of cole  
Was a farmer with a hoe  
In his bid to cross a pole  
He fell straight into a hoe  
Down went the hoe and cut his toe  
What shall he do to be whole?  
To prevent mockery from his foe

Let him go to his master  
To bind the wound with a plaster  
To avoid getting a blister  
Then he can walk home faster

# True Love At Last

Oh no! Not again  
This nagging Pain  
Of a broken heart  
By a heartless man

Never would I love again  
This would end the ceaseless pain  
Of a broken heart  
By a heartless man

True love doesn't seem to exist  
Only for a time it does persist  
And like wine it intoxicates  
But after a while it eradicates

Oh! What wrong notion I had  
To raise the motion that all men are bad  
Until I found in a man love personified  
In him is true love exemplified

He mended my broken heart  
He made me his queen on earth  
Here comes the end of my search  
For I found true love at last
