# Mistake

I never thought that this time will come.  
A memory that's hard to forget, sticks like a gum.  
I never imagine how things come to this point  
And hard to accept, I'm in my breaking point.

One day I ask HIM, 'Why is this happening? '  
And later on realized It's just a beginning.  
HE gave me 'this' for me to be stronger.  
To pass the test, to reach my old laughter.

I hope that time will pass faster.  
Like I'm riding in a fast roller coaster.  
A kind of it which has a lots of ups and downs.  
To surpass the challenge in a strange town.

I know that things will get more complicated  
It's all my fault, I'm the one who started.  
But I know it will not come to an end.  
If I don't fight with it until the end.

# Understanding A Friend

If I could read your mind.  
I'll probably know what's inside.  
All the things that you think about.  
Truth that never comes from your mouth.

The sadness that you feel tonight.  
Things that makes you cry every night.  
The smile on your lips today  
That hides the pain everyday.

Looking around the people everywhere,  
All the laughter that they wear.  
Makes you want to be with them,  
Makes you want to be like them.

But don't you worry my dear friend'  
There's no sadness in every end.  
Like Snow White and Sleeping Beauty,  
A prince will come and love you endlessly.

# Unrequited Love

Awakened from dream to reality  
That you and I are not meant to be.  
Seems that you are very far away  
To the point that I miss you day by day

It is not what I wanted all to be.  
'Cause it seems like whose hoping is just me.  
Thinking all about what you truly feels'  
My heart is in pain, can someone please heal.

Is there something on me that you don't like?  
Tired of running cause you're riding a bike.  
Or maybe there is someone in your heart  
That there's no place even a little part.

Maybe I should stop here on loving you  
'Cause I know there's no chance for me and you.  
But please promise me you will not be sad.  
And will be happy for I will be glad.
