Non Racists Will Agree

Poemhunter is an open forum
every one has right to express
their views,
let them write what they want,
you can either agree with them or not,
stop the sarcastic abuses
stop the groupism
stop targetting a single poet,
give me a good reason for attacks,
is it because he is Indian, or is it
really his writing, or just because he talks
about the truth and is a rebel,

Stop talking lightly about other cultures
and races,
stop living like a frog in a well,
who thinks the well is the world,
stop assuming about who i am,
i am not who you think,
you will find me in streets, talking
in cockney accent,

lets come to a deal
stop abusing firoze shakir,
its a sincere offer, upto you
guys to take it or not.
