# Birthday Greetings

Birthdays are a magical time of celebration and excitement. There are many different birthday traditions but one thing is certain, it's a time to get together with your loved ones and really appreciate each. Those are the moments that matter most. Each birthday is special and everyone has a natural desire to feel loved and appreciated on their birthday. It's the one day a year you can make it all about yourself.

Birthdays are special not just for the celebrant but for friends, family and other colleagues as well. It is the day when everyone can express appreciation and love for the birthday celebrant in different ways. Birthday celebrations may involve a low-key breakfast with the family or an elaborate party for a few dozen people. In most cases, well-wishers express their good wishes through birthday messages especially crafted for the occasion. These messages may be delivered by email or through social media platforms, including Twitter, Instagram or Facebook. Messages may also accompany birthday presents, but whatever your mode of delivery, make sure to personalize your greetings for a more heartfelt impact.

Birthdays are special day to the owner smiling and celebrating your new age with your family and friends.

more also it is a day you think  
you are actually up to the task you are not up to before but let's come to think of  
it....  
actually it's normal to celebrate your birthday with friends and even with those  
you are not familiar with...  
yes it happens often  
but birthday is a day you have  
to reschedule your plans in life,  
a day you have to sit down  
and think of how to make a good turn  
for yourself and that means  
you are not Shrinkage but soaring

Victor Olaitan

# Bright Future

Hey you! ! !

You still have a future

Stop thinking inappropriately

If you want happiness, fulfillment,

success and inner peace,

start thinking you have

the power to achieve those things.

Hey you! ! !

Focus on the bright side

of life and expect positive results.

Your future is bright....

Look beyond the present circumstances,

Imagine a brighter future.&quot;

Hey you! ! !

Even if they tried to implicate you

Because of what you have archived

and because of your luminous future,

Wipe it off and imagine yourself in the future,

Cheer up and say, I have a illuminated future ahead

Victor Olaitan

# Perfect It

Make an Impact  
And let it cost you something  
Let it cost you your time  
Your old habit  
But not your health

Seek Progression  
Not Perfection  
Make time  
Not excuse  
For the things that bring you joy  
Read, let your mind wander

Stay Curious  
Grow empathy  
Spread love  
Cause even the smallest choices  
Can make a huge impact
