'o' Cloud

'O' Cloud

Why are you weeping so bitterly?

If you will weep,

We shall weep,

We are all are on your mercy.

You burst recently on the leh city (INDIA) .

Several died and several injured.

Children are weeping and women are crying.

Flowers perished in the mud

which was blooming some times ago?

Buildings which were standing

like a rock smashed down

and

convert in to the rubbles.

This is a disaster came only by your weeping.

So I pray to you "O" cloud

don't burst on the earth again.

"bound To Work"

"Bound to work"

She was ailing with pain.

Work speed was some slow still then she was working.

Why?

She was a worker in a factory.

Work provides food and medicine for her family.

So, she was bound to work in illness also.

She was not telling to the manager about her ailment.

Because it may be possible that manager can sent her on leave with out pay.

And pay was everything for her.

She was a poor worker of a factory having burden of her poor family.

Poverty and burden was her destiny.

I feel that it is the story of unaccountable poor people of the world.

A Commander With Out Portfolio

A commander with out portfolio

Life goes on slowly & slowly.

Time passes away rapidly.

When I grew form a child to a father

I did not know.

I surrounded by work, Work and work.

For money, I was running very fast as much as I can.

In this travel, I lost the true love of my beloved persons.

Now I become an old man,

"A commander without portfolio"

Young generation is doing all according to their nature.

Now I surrounded by the Loneliness & became a matter of joke.

It is the story of so many in this world.

A Friendly Match

A friendly match

It was dark night.

Match between the team night & the fire-flies were to start.

Stars were twinkling in the sky

And were looking like the great audience.

A curved shaped moon was also brightening in the sky & looking like the referee of the match.

Match start at 8 P.M

There was a horror of team night at the ground (earth) .

The team of fire-flies was also ready to fight the match at the ground;

Game starts.

Both teams were playing their good game.

Team night was spreading darkness in the ground.

And the team of fire-flies also trying to finish the darkness by twinkling like stars on the ground

Match went on whole the night.

At 4 A.M the team night came on back foot.

And at 6 A.M team of fire-flies was declared the winner.

Now it became early morning.

Mr. Moon, the match referee went away to the dressing room.

And the audience (stars) disappeared at once after the match.

A Kurdish Girl

A Kurdish girl

A Girl who was long thin and like a dried branch of a tree, having curling hair and bluish eyes was waiting for her chance on a bus terminal.

I felt some attraction in her eyes & continue my imagination & seeing towards her.

She may be a professor of any university or an executive of any multinational company.

She catches my imagination & came slowly & slowly towards me & say hello.

I was astonished by her style & awake just like from my sleep.

She was a Kurdish girl works in an office attached to Uno.

She had affluent resources still than she was not away from worries & botheration.

Her country & surrounding people were away from peace & happiness.

Civil war was going on for fifty yrs.

Saddam Husain & his previous governments were not providing happiness & justice to the Kurdish people.

News from her country was enough to keep her weight in control & worries on her for head.

Bus was late.

We share coffee & then went away to different directions

A Little Bird

A little bird
It was an early morning.
A bird was on the guava tree in my courtyard.
I was also alone like her at that time.
We both were calm & silent.
We have nothing to say.
Her children flew away to their own world.
I don't know about her partner.
He may be alive or dead.
But I realize that
We both are facing the same problem
"The old age"
Which is the neglected age in this world?
Still then I am happy because
this little bird is also accompanying me in this beautiful morning.

A Lot To Do For Them

A Lot to Do for Them

We pray her as a goddess.

We love her as a mother.

We like her as a wife.

We are bound with her as a brother.

She has been occupied a key place in the human society since its origin.

In ancient time she commands the whole society.

Relations moves around her.

But later she becomes slave to the man.

She has to suffer a lot during war time.

In peace time she is liable for whole family task in the home. She always occupied a centre place in family & society by her fragrance, loving nature, sacrifice & beauty.

Now the light of education is spreading in women's world.

Society is providing better opportunities to the women in comparison to the previous time.

Still the major portion of women is suffering from poverty, illiteracy & malnutrition.

There is a lot to work for them.

A Midnight Journey

A midnight journey

They are suffering a lot.

One member of their family has been died and
other twelve members have been injured.

All of them were on a religious journey.

They think that it was their fate which was decided earlier by the God.

No one can change it in this world.

I feel that such strong belief is just like the magic rays of religion

Which will provides them satisfaction

These rays will calm them in some days also.

They need such rays most on this hour.

Other side of this incident is that

This accident occurs due to the human negligence,

Driving on the high speed in a dense foggy mid night by

the driver is not only a human negligence but also a offence.

I think that religious people must take lesson from this incident in the future.

Ajijan Bai The Great

Ajijan Bai the great

She was a great patriot, warrior & was a freedom fighter.

She fought in Indian independence struggle 1857 under the leadership of great Nana Shahib of Bittoor (Kanpur) .

She was commanding the cavalry having bare sword in her hand & a gun on her back.

Her dress was remarkable which was of like a man soldier.

Some historians of that time describe her as a prostitute lady.

I salute enthusiastically to that great prostitute lady who sacrificed her life for the freedom of her mother land.

Her sacrifice was also great in comparison of the kings & lords of that time because her act was without selfishness.

On 27th July 1857 she was arrested & was produced before the inquiry commission where she gave her statement which was of great significance & of humane values.

She said "every men & women on the earth have a natural right to live free. You Britishers have no right to make us slaves.

Now you may go to your country.

Otherwise we will kill all of you.

I accept that on 27th June 1857

I was present when the massacre of Britishers was going on at the bank of Ganga river.

I am proud on my act".

Again I pay my tribute with humbly to Ajijan Bai the great who was the great martyr of Indian freedom struggle.

Am I Insane?

Am I insane?

They were eating, drinking and dancing on the floor.

Unfortunately I was there.

A newspaper having horrible news was in my hand.

“Some hungry men snatched the lunch of some formers.”

It was very sad news for total human society.

People on the floor were happy and in cheer.

They have no botheration by this news at that time.

Were they ignorant?

Were they innocent?

There was sufficient delicious food on every table.

Wine, meat was in affluent.

I try to pick up some eatable items.

At that moment the faces of hungry men comes in my eyes.

They were demanding bread from me.

I put on my hand from eatable items.

Again I try to pick up a glass full of water.

At that moment some faces of formers comes in my eyes and asking me water for their fields.

Tears came in my eyes.

I was hardly able to stop them.

Next moment I came out from the dinning hall.

Now question arises that

Why hungry men were demanding bread from me.

Why thirsty men were coming in my memories.

Such people were not disturbing to the people who were dancing at the floor.

Why?

Am I insane?

An Evening In The Desert

An evening in the desert

Sun was going to set in the west.

It was an evening in the desert.

Camel riders were going to their hideouts.

Nights are for rest & sleep.

From a nearby bush, a pair of rabbit came out & run towards another bush.

They may be playing or

They were doing some arrangements for their night.

Night means not only the darkness but also question of survival arises there.

Because of some powerful insect could attack them

I saw some beautiful pigeons were coming from high sky to the branches of the tree.

It may be their hide out.

We were witnessing the arrangements of the nature.

How some set in the evening.

Light converts in the darkness.

All creatures along with human beings go to their hideouts for rest.

In the next morning scene changes itself and all arrangements goes in opposite direction.

It is the nature.

An Evening On The Sea Shore

An evening on the sea shore
Cool & mild breeze was blowing.
Water was cool & silent.
The light was dazzling.
Beautiful maidens were off the sea shore.
Charming & gloomy scenes of morning were absent.
Noise of the birds was like the music of a horror film.
Butter flies were also gone.
Most of the birds went away from there
They may be in their nest.
Only one or two guards were walking there.
Fog & darkness was growing.
The sun was ready to set in west.
The sea shore in the evening was looking like
a retired old man's bungalow.

An Old Man

An old man

White haired and white bearded old man was sitting on the bench before the flowers.

& fragrance of flower was around him.

He has a cane in his hand & a woolen shawl was on his shoulder.

I think he may be the luckiest person of the earth.

But I was wrong.

He was full of unhappiness & was victim of loneliness.

In the seventies he was. □

His wife was no more now.

His children were adult & running on their own track of life.

They were seeking only for money & worldly happiness.

Women, wine & commercial circle was their life.

This old man has no significance in their life.

Their families have their own busy schedule.

They have no words & time for the old man.

He was just passing his leisure time among flowers,
on the roads & among news papers.

No one was there to hear his comments & hearty feelings.

So he was the unluckiest person of the world.

Angel Devil & The Man

Angel devil & the man

Do.

Do not do.

Botherations always live in our mind.

This stage comes when we are going to do any wrong act.

Angel advises not to do the wrong work.

Devil insists to do the wrong act.

He is the master of sin.

Angel is the master of piousness.

Piousness lives in our soul.

We should hear the voice of our soul.

It will bring happiness to every one in the society.

Angle's Voice

Angle's voice

Poetry is a dream,

Thinking & imagination of a man, he may be called the poet.

He is surrounded by the society.

Society is entrapped in problems.

Every one is aware for its future.

We are ignoring social & common interest of the society in comparison of our own.

It is called the individualism.

We are busy in collecting money & physical commodities.

It is the ultimate goal of so many people in this world.

They are running very fast as much as they can to achieve this goal.

In this race some succeed

Few get little success

& so many remains unlucky.

Chances are rare in comparison to its demand.

Now question arises how we can overcome on these problems.

Poetry is a light

It shows the path to the society.

So read the poetry & care it.

It will be proved as a vital force & energy to this world.

It may be called the angel's voice.

Angles On The Earth

Angles on the earth

'O flower'

Why you are seeing me so keenly?

Some times you bowed your head to see me.

Are you doing in my regard?

I am giving only some dropp of water time to time to you.

Your beautiful colors are vitalizing me.

You are shocking your head with love.

Are you praying for me for my good health from the god?

I realize that you are praying the God for good for all.

You are like angels on the earth.

Are They Sadist?

Are they sadist?

A fair complexioned young girl having goggle on her head was busy in shooting the scene by the camera of two little girls.

Girls were begging some coins from them.

They may be tourists.

The spot was a hill station.

There are so many things to shoot on the hill station.

As natural beauty, slopes of mountains, turning roads, and snow fall etc.

But they were shooting the helplessness & poverty of the children only.

Later these photo graphs will the part of their drawing rooms.

They will enjoy them in leisure.

Miseries of some provides

joy to some.

Are they sadists?

Arrangement For Lunch

Arrangement for lunch

A pair of vulture was sitting on the branch of a tree.

The female vulture was worried about their lunch because there was no dead animal up to the long distance.

The male vulture asked her not to worry about lunch or dinner. How?

Human society is grabbed in so many unsolved problems.

There for war for supremacy & reign is necessary.

Fight between the followers of different religions is going on.

I can say that this time of mini world war is going on.

Examples can be seen in Iraq, Afghanistan & Pakistan.

War between Jews, Christians & Muslims is going on.

Jews are fighting for their existence

And Muslims wants to up root them.

You can imagine that what will be in the future?

So don't worry for lunch, dinner & feast.

Arrogant Words

Arrogant words

I have passed enough time in the shadow of arrows.

They hurt me

but I am alive.

They only hurt my body

not to my soul.

Once an arrow of the words hit me

It hit my heart and soul both.

I can never forget it.

I believe that I will die with the pain given by this arrow.

This arrow of words was shot

by my beloved-one not by my enemy.

So I realize that think

twice before shooting the arrows of the words.

But when I try to find it both the arrow and the oak tree was disappeared due to
the cruelty made by the human society.

Asking Death

Asking death

Your heart is broken up now.

You are very sad today

You are also asking death from the god.

Why are you doing so?

What occurs with you?

When you were young & energetic,

Life was going on smoothly & with out any cry.

Spring was everywhere.

You were not seeing the sorrows in your near by people.

You were concerned only with those who were safeguarding your interest only.

In the meantime, you have lost, the ground, which is necessary in the last time of the life.

Work is over & crowd of sycophants disappeared & now you are alone.

Depression surrounded you.

It is the result of your whole life working.

Autumn

Autumn

Autumn has come.

It is good and mild weather,
neither so hot nor so cold.

Old leaves are coming down on the earth.

The tree without leaves is looking like
an old man having no desire.

This tree will be full of beautiful green leaves
after some time.

It will look like a young man full of energy and ambitions.

Drunker man avoids any thing except wine & bar.

No butterfly was going towards the bud.

The bud was very much sad & upsets also.

In the last it asked from a butterfly its reason.

Why so many butter flies are

Loving & blessing to her elder sister & none to her?

The butter fly think and then says 'O'.

Dear bud you are small & a lovable kid.

It is a time for you to learn from this world.

Your child ness does not allow you for any affair.

Please be big

Be Kind To Animals

Be kind to Animals

Passage was narrow

And a puppy was sleeping in it.

I was ready to kick out him from there.

Suddenly a small baby asked me not to do so

Because the puppy was in sweet dreams

So he must not be disturbed.

I am glad to see her love for an animal.

It is also a lesson for those

who are not kind to the animal world.

vijay gupta

Be Kind To The Birds

Be kind to the birds

Gun roared in the jungle and a pair of birds
fell down on the earth and died.

Their child or the little bird was so little

That she could not fly, still than

she came out from the nest &

tried to fly for reaching near to their parents.

She could not fly & fell near the dead birds & died.

Can you imagine the sadness of that little bird?

Have you any right to kill innocent birds only for your likings?

No.

They have similar right to live

on the earth as we have.

So be kind to the birds & animals.

vijay gupta

Be Small & Smile

Be small & smile

I want to grow like you.

I want to smile like you.

I want to brighten like you.

I want my skin as colorful as yours.

A little bud was asking to the flower

Who was growing on the top of the plant?

The flower became unhappy by hearing his will.

Because he don't know the botherations of the adults

He says to the bud that

'O' little bud you are unaware from my miseries.

Bumble bee will suck your lips freely without your permission.

It will like a rape with you.

Black bee & others will suck your cheeks forcibly.

You have to bear the burden of butterflies on your shoulders with out getting any penny from them.

Children will play nearby you &

Suddenly one of them will come & pluck you neck

& after some time he will throw you in the mud.

So it is my advice to you 'O' little bud live small

& smile like a small child.

When you will grow like me their will be so many botherations to which you have to bear forcibly.

So be small & smile.

Bells Are Ringing

Bells are ringing

Bike rider wearing a helmet, jeans & jacket looking like an astronaut was giving a mobile phone to his father.

His father was traveling in a bullock cart along with his wife & younger son.

He was going to join a Ganga Snan festival at Brig Ghat, which performs every year on Kartik Purnima.

Moon always will be in full shape & in full swing on that day.

About eight to nine lacks of people will take bath early in the morning for spiritual benefit.

Main thing is that in the twenty first century you can observe to us Indians, How they are sticking to their old customs & culture.

People having so many resources still they are using bullock cart for traveling and hookah for smoking & ringing bells for the necks of their bullocks.

Bells Of The Church

Bells of the church

It was an evening.

I was loitering near the church in worried position.

It was the time of prayer.

Suddenly bells of the church start ringing in a row.

Ringling bells were spreading the message of peace, calm & harmony in the atmosphere.

My botherations were over in an instance.

People gather here to pray lord Jesses to remember his sacrifice and

Follow his teachings.

To bring peace in the world was his motto.

Unity should be in the society was the goal of his life.

He fight against slavery and died for his mission.

Bells were highlighting the teachings of Lord Jesses.

Good ideas came in my heart & I became calm & peaceful.

That Mr. Poet you are speaking lie.

The shadow of draught is dancing on our fields

Danger of hunger & poverty is in our mind.

Worries & sorrows are reining in our society.

Which is very different from the real world.

Then he distributed his entire cigarettes among them & went away from there.

Bound To Smile

Bound to smile
She, lean & thin,
Bowed headed,
And pale faced,
was going on the curly roads.
She sometimes, busy in muddy fields.
Botheration live always
In her mind
About the sorrows & pains
To whom her family is bearing.
She is hardly thirty yrs old but looks like a forty yrs old lady.
Chirping like birds,
Dancing,
And singing which was her hobby in childhood
have been disappeared for ever now.
If she is smiling sometimes today
It may be for the sake of her family's smile
If she is walking on curly roads
that is only for her families lively hood.
She is a poor lady belongs to landless peasantry.

Brave Person

Brave person

It was a jungle night.

Stars were twinkling in the sky.

Moon light was brightening on the earth.

King of the jungle the lion was hardly one hundred meters away from him.

The lion was behind the bush.

On the other side there were some huts of laborers.

Some children were also playing there.

He was in the tent.

Site was Nanak Sager Dam, District Pilibhit (U.P) .

He put his hand on the loaded gun.

Which was there already for precaution in the jungles?

Next moment he put off the gun

& taken two heavy duty torches in his hands

He flashes out the light on the lion's eyes.

He was an engineer & construction was his duty & hobby.

So he decided to save the life of lion & the men both.

He marched towards the lion without any arm & only torches were in his hand.

Lion afraid from the light flashed on his eyes

Then he turned and went away in to the jungle.

He was a brave person.

He put his life in danger at that time.

He always believed in construction not in annihilation.

The story of his bravery is still alive in my heart & the huts of the laborers.

Now he is no more in this world.

He was my beloved father.

Bumble Bee Comes Again

Bumble bee comes again
Come again, come again, bumblebee comes again.
Winter has gone.

Come again, come again.
We are alone
And missing you also
'O' little flower, you are in the mud &
I am in the sky.
And how can I reach to you?
I am moving in blue sky.
Where moon bights & star twinkles,
'O' bumble bee, you may be happy in the night.
But what will you do in the day.
When sun will make you hot?
Remember we love you.
We will provide shelter to you.
You may feel the fragrance of the air.
You can see the glimpses of the universe in the water of the lake.
'O' bumble bee come, come
And Come to us
We are missing you.
We are missing your love.
Bumble bee appeared from nowhere.
& kiss the little flower
They start making love & butter flies stretched their wings to cover them.

Bunch Of Flowers

Bunch of flowers

It was an early foggy morning.

The sun was peeping behind the fog like a bride.

Crown of snow was on the head of the hill

Pine trees were looking like the ice-cream sticks mix with green and white colors.

It was a small town in the valley.

Some small school children were going in the Rickshaw.

They were looking like a bunch of flower in their colorful dresses.

Their rickshaw was looking like a clay pot on the black road.

Burning Men

Burning men

Why are you burning us?

Why are you killing us?

What is our fault?

We are living here from centuries.

Where can we go now?

People of foreign origin are crying in Durban, Johannesburg & some other parts of South Africa.

"LATEST NEWS"

Native people want to oust them.

Because they are facing, poverty, unemployment & crowdedness in their country

Reasons may be so many as increasing population, atomization, computerization & emergence of multinational companies in the world.

But persons of foreign origin are on their target.

They are killing & burning them.

They are burning their property.

Such types of problems are going on in so many countries of the world.

But native people must think peace fully & on humanitarian grounds.

They must keep peace, brotherhood & harmony in the society.

Because it is not the proper solution of the problem

Solution lies in economic growth & control in population.

Butter In Her Mouth

Butter in her mouth

School time is just too over, waking up and ready for the school otherwise I will beat you bitterly.

He put off the bed sheet from my body, stretched my hand,

In addition, put me on my foot.

Tears came in my eyes then I went slowly and slowly to my mother in the kitchen,

I put my finger towards my father

And complained about the rude behavior of my father,

Who was asking him to go to the school?

She embraced me; kiss my fore head, and politely asking me to become ready to school because I have to be an officer by studying in the school.

Orders were the same.

Father orders me to wake up and to go to the school while he was having a stick in his hand.

Mother also orders him to go to the school having butter in her mouth.

Cage?

A home for a family

A jail for a parrot

Entertainment for someone

Slavery for a helpless parrot

This story was occurred at seventeenth floor of a building.

They were away from the nature.

They want to live near by the nature.

But they were unaware from the freedom of the parrot.

Parrot's own life may be beautiful only in the lap of the nature.

Trees are the picnic spot for them.

Open sky is the play ground for them.

Garden's & jungles are their natural home.

Cages are the only jail for them.

Free them for the sake of their freedom.

Love & ensure freedom for the birds & animals.

Camp

CAMP

Greenery all around,
Cool and mild breeze,
Golden mornings,
Chirping of birds,
Colourful butterflies,
went away forever.

But I have memories still now
with me.

There was a time when
I was happy with my family.
Now I am alone in this refugee camp.
Memories of past freight-end me
day & night.
Tears have gone forever.
What will be in the future?

Butterfly is happy & requires a little.
Little food and water is enough for her to be satisfied.
Elephant is happy &

His lust is unlimited.
He wants to keep every thing under his thumb.
Still then he remains unsatisfied
He became saint

Violence & quarrel have been the normal exercise in the society.

On the other hand the children's world is different from the rest of the world.

There is no agony.

Reign of joy always lives in children's world.

They clap like butter flies.

They glow like the crescent moon.

They laugh like a guitar.

They play joyously.

Innocence plays always on their faces.

They are notorious too.

Dreams are their fellow friends.

Mother plays a vital role in their smile.

Father makes them healthy, wealthy & wise.

Cancer - Ward

CANCER - WARD

Circled by four walls,
Small and big rooms,
Pin drop silence,
White sheeted beds,
Several paled faces,
No hope,
No charm,
No taste,
Medicines, Medicines and Medicines,
It is their life.
Doctors are working like a machine.
No affection,
Away from their nearest and dearest,
Waiting for death,
It is cancer ward.
If war broken up,
Several such wards will grow on Earth like fungus.

Cancer Ward

Cancer ward

Cool & mild breeze was blowing.

The reign of silence was there.

The birds were chirping on the guava tree

And the chirping was seemed like a song of death.

Patients were wrapped in red blanket & white bed sheets.

They were looking like a coffin.

Trumpet of death can be heard every where.

Patients were going in the jaw of death one by one.

One thing was clear in every mind that their end can be at any time

so they were fearful & quiet mum.

This scene was of a cancer ward.

Can we imagine their grief?

Grief from their illness

and grief of separation

from their nearest

Care the birds

It was a pleasant & beautiful morning.

Several birds were on the guava tree.

But they were calm and silent.

I was surprised to see them.

Some of them were new.

They came from a nearby tree which was cut down.

I realize that these birds may be sad

and others birds were accompanying

Atmosphere on the tree was dense and full of grief.

Because some people had

ruined their houses for their benefit.

Birds are beautiful and good creation of the nature.

Catch a Butterfly

Beautiful butterflies were flying on the plants here and there.

Please catch one of them for me.

His little and pretty sister was crying near his bed.

He was sleeping in deep.

She again put off my bed sheet and stretched by shirt to emphasize on his demand.

I become angry and order her to go from the room.

She became mum and tears came at once in her eyes.

I realize my mistake by seeing her pretty face.

I wake up gently and see out side in the courtyard, which was full of sunrays,
Pretty flower and some butterflies were also flying there.

I became piteous for the sake of small butterfly.

Then I try to convince my sister not to catch the butterfly because butterfly can die in her hands.

She was giving more and more emphasize on her demand.

In last I took her on my bike for a near by shop,

In addition, bring balloons and toffees to save the life of butterfly.

Chirping of birds was not pleasant,

Flowers were simply colorful things only,

Stars were twinkling,

Moon was brightening,

And night was going on but it was horrible for her.

She was changing her sides again and again because she was alone and her beloved was in the lap of some one other.

About four A.M. her eyes were closed and dreams of the past were floating in her eyes.

Her laughing world had been changed over night and she was sad.

Once a butterfly was dancing & talking to the rose flower.

A cobra stretched headed, hissing & shaking his head.

He was also watching the affair of butterfly & the flower.

Some pieces of clouds were swimming in the sky slowly & slowly.

I hope they were also watching this affair from the sky.

Butterflies were flying g on the beautiful floes.

Some beautiful pairs were also increasing the beauty of the garden.

Every thing was calm and beautiful there.

Suddenly a long, stretched healed cobra came in the way of the person.

Cobra was hardly some feet away from him.

Imagine once

What will be going in the mind of the gentle man?

Is Fragrance, Butterflies & happiness of the life?

Is he may be thinking of saving life?

I feel that he may be crying for the god to save him.

Now I am also seeing a cobra in the way of peace & happiness of the world.

Some fundamental forces are busy in making that war in to a war between Islamic & anti Islamic forces on international level.

Now he has no love,

Coolness came in my mind.
She says some words.
Vigor came in my body.
Confidence came in my life.
She had power to make a surprise.
I am away from my native land.
Seven seas are in the way to my native land.
Where is my childhood pass away.
That school is also there where I was educated.
Neighbors are also there from them I have received healing touch time to time.
Some of them have become young.
Some of them have become old.
And some of them have passed away.
Children of my time may be at different places.
But where they are?
I don't know.
Memories are still with me.
Memories of past always comes in day & nights.
Their time is not fixing.
Memories can stand against me in the passage, in the bus, dining table or in my dreams.
Some time they make me tense.
Some time they provide joy and cheer to me.
Neighbors are also here with me.
But great differences are there.
It is of fragrance, mood, style, motto & liking.
Warbling of birds,
Out cry of my cow, and
Cheerful welcome by my pet is not here.
Several cruel incidents occurred in my childhood and they are like bitter pills for me.
Now these memories are also like a cyclone in my life.
The time has healed up the wounds.
But the feelings are always with me.
Some times tensions make me tense.
But the hand always come and cools my mind.
Her spoken words provide joy and cheer.

This hand is of my mother.
Who has passed away some times ago from this world?
But she always comes in my dreams.

Complete Home On Platform

Complete home on platform

Have you ever seen a complete home on the platform?

Yes.

You have seen it so many times.

But I have observed it also.

Once a train was on the platform

There was some delay in departure.

Passengers have come out slowly & slowly on the platform.

They were busy in gossiping & some one was criticizing the railways for this unwanted delay.

In the corner a woman was sitting on the floor.

That area was covered by the bed sheet.

Her children were playing nearby her.

Her husband was busy in talking with other passengers.

She put eatable items nearby her.

One water bottle & empty glass was also there.

She was watching her children & her husband calmly.

I feel that she was enjoying this pleasure of a home.

She was not in hurry.

I feel that she has made imaginary walls around her family as they were at home.

It was its own world,

It was a complete home on the platform of an intelligent lady.

'O' dad, please leave this petty job.

He was a Gardner, who flies the birds to save fruits from them.

'O' my son always remember that no work is small of big.

Several bricks are bound to go in the foundation

Only few reaches on the top of the building.

Efforts of a soldier and commander have equal significance.

Their best efforts are essential for the success.

Every type of work is necessary.

So, please don't disgrace the work.

Don't Hurt Them

Don't hurt them

A song sings by a mosquito bound me to awake in the mid night.

I found that some thieves were stealing my articles from my house.

One of them have stolen my television and other one stolen another article

And one of them taken the book

In which my poem

"Bound to work" was written.

He reads my poem

And said to his fellows that

This house is belongs to a poet

Who thinks always for poor and toiling people of our society?

Such people are few in this world.

So we must not hurt such people like him.

So please put all articles back in his house properly.

We will see another house for our bread.

I appreciate their feelings for poets like me.

Don't Punish Me

DON'T PUNISH ME

It was a time when Sun-Rays
kiss my forehead early in the morning.
Cool and mild breeze twisted with me.
Swan in the pond looked like the moon.
Life was happy from all angles.
One day a hurricane deserted the area and our life.
My fields became the heap of sand
and were unable to grow rice and maize.
Life became hard and full of miseries.
So I turned toward the west for bread and life.
Here I got it
But I turned myself as a beggar and also became a law breaker.
Memories of my mother land always pinch me day and night.
But I am helpless now,
What can I do?
I am hungry for help not for punishment.

Dot Of The Colonialism

Dot of the colonialism

Mild, gentle sun rays were there.

It was the bank of a lake.

Sweet, melodious wind was blowing.

People were bathing in sun rays.

Some pieces of clouds were also floating in the sky.

Some black men and women were also chirping like birds in the crowd.

Cheers can be seen on their faces.

Because they were walking on the beautiful land of the France

I suppose that these black people were from Algerian origin.

Ancestors of these people were brought to the France as a slave during colonial rule over Algeria by the then rulers of France in nineteenth and twentieth century.

Native people of France do not like them.

Their behavior is like the master's behavior even today.

They want to oust them.

But they can not.

These are the dot of colonial rule of France over Algeria.

Dove

Dove

A beautiful dove was sitting on the branch of a tree.
She was as silent as a philosopher.
She was as beautiful as a fairy.
A bird which never fights with another birds
I feel that dove may be the devotee of Mahatma Lord Buddha or Jesus Christ.
She believes in love & brotherhood.
She is a lovable bird & harmless creature of the world.
She is a vegetarian bird also.
I like it very much.
I like every human being must be as lovable as a dove.
Everyone must be peace loving as a dove.

He has everything as food,

Mother's love,

And

Still than the sweet memories of

It was the young age when
He had left his native place
to fulfill his burning desire of a luxurious life.
He got it here except brotherly and lovely behavior.
So he is unhappy now.
In last he wants to go back
But his old age and weak wings will not
allow him to do so.
Now it has become his fate.
He is a dove or may be you.

Dove or you

Next

Now I have become old & weak□

not happy now.

Because I am away from my native place

and also from my child hood's friends.

Past memories are still in the way of my happiness.

"O" my friend owl

Please help

me in going back to my native place.

Owl was a mighty and pitiful bird.

He asked his friend to sit on his back

and than flew in the sky with him.

After a long journey they reached on the dove's native garden.

In beginning other birds were not recognizing him

But later

They became one.

In this way the dove became happy with others birds.

The owl was also happy to see his friend's happiness.

But after some time he also flew away to his native garden.

If you are also in Dove's situation

So kindly go back to your native land for entire happiness.

They were burning village upon villages.

Because they were warriors

They were burning men women and children.

Because they were warriors

Can we say them the son's of Dracula's.

Why they were doing such cruel activities?

They want victories over others.

They want supremacy.

They were powerful kings like Alexander the great, Ashoka the great and so many other unaccountable warriors of the world.

History is the record of such warriors.

Now we can describe the history as the record of devils-or the record of cruelty of the warriors.

Dry Leaves & The Stone

Dry leaves & the stone

Early Morning

Early morning

What I got in last twenty year?

I got plastic money, high post and sleepless nights in my life.

“Sun-rays 'were playing on the plants,

Night has been over,

Now it is time for Morning Prayer,

Stood up & come, near the idol of goddess”.

It was the cry of my mother.

Such type of scenes occurs before twenty years.

Now nobody can dare to order me because

I am the master of my family.

She was my mother,

Who not only orders?

Some times she put off my bed sheet and stretch my hand and

Put me on my feet in early mornings.

Now I am away from my mother’s true love.

It is total loss in my life.

A small flower was growing on the big branch of a plant.

It was egotist because it was situated at some high place.

It always thinks about other flowers as inferior to it.

Attacked the flower & suck her lips brutally

After some time a bird attacked on her cheeks.

Next day the hand of a small day stretched to make end its life.

On the other hand other flowers were safe due to their under position.

It is a lesson to the egotist people.

The caze was alone and empty,
Its partner, a pair of little birds,
Flew away some times ago,
So he was in grief.
Suddenly he saw some,
Birds wandering nearby it,
So it recalls them
and ask to come in its lap.
A wise bird among them
Ask him why?
Enough food will be for you,
And enough water will be for you,
and for all times.
Little children will play
with you and will be happy.
Little bird fly in the sky and
Came back and then ask?
Can I fly like this in your lap?
The caze was silent.
The children will be glad
To see my colors,
If they will put their finger
In my eye
Can you stop?
The caze was silent.
The little bird then ask 'O my friend Caze'
What will be of my freedom?
Again the caze was silent.
All little birds flew away
In the sky
Or to say to their own world.

Enemy No. One

Enemy no. one

Don't take it.

I want to live idly.

These conversations were between mother & her son.

On the other hand he barks on her.

He feels her like enemy number one.

It is a common phenomenon in our society
where parents & children are living together.

They bark on each others like a dog.

So parents must realize the psychology of their children.

They must overlap their advice with the consent of their children
& convince them with arguments.

On the other hand Iran wants to wage a war against Israel to annihilate it.

Reason is one.

The construction of Israel was done by the European in 1948 in the name of Jew's land without any consent of Palestine people.

Since then Palestinian & others are trying to snatch their land from the Jews of Israel.

So many people have been died up to now for their duties.

In 1527 she was appointed as a foster mother for the prince Udai singh by queen karmvati after the death of Rana Sanga of Mewar.

Illegitimate son of Rana Sanga prince Banveer was the care taker of Mewar at that time, who was appointed by the then sardars of Mewar.

He was very crazy & selfish & he decided to kill

Prince Udai singh, who was the successor of Mewar.

He wants to be the next ruler of the Mewar instead of prince Udai singh.

So in one night Banveer reached in the palace having bare sword in his hand

She after understanding the bad intention of Banveer pointed out towards the bed

Where her beloved son was sleeping?

Banveer killed that baby in one stroke & came back from the palace.

Panna took prince in her lap & flew to unknown place.

She saved the life & hides the prince for five years.

After the death of Banveer she declaired that the prince is alive

And in this way he became the next ruler of Mewar.

Lady Panna sacrificed her child for the sake of her duty which is of great significance & will be remembered in history of mankind for ever.

Fragrance Of Relations

Fragrance of relations

Money was always important in the past &
will remain important in the future.

The present revolves around it.

It plays a vital role in the society.

Some says the money is not less important then the god

But I think that human values are more valuable than the money.

Fragrance of relations could be obtained only by your style, behavior
& attitude and not by the money.

When money regulates the relations

It works like a poison.

Blood relations die when money enters between them.

Money becomes havoc when a son demands more & more money from his old
parents with out knowing their will.

Money is the need of hour.

But relations become hazardous when its members

Became crazy for money.

Race for money never ends throughout the life.

When we got money, then we again crave for it.

Race for money goes & goes till the life ends.

We crush the happiness of the life for getting it.

We finish the fragrance of relations only for it.

If we die with money we will die without peace & satisfaction.

He spent his young age when he was a child.

He walked slowly and slowly

when he was learning to walk.

His heart was always with him

whenever he was in school or at home.

He wept whenever he saw a tear in his eyes.

He was always happy to see his smile.

He emotionally black mailed him so many times

He was not a cruel man

Twenty two British soldiers were killed by his axe.

He was looking like a devil at that time.

He was fully bathed in the blood of killed solders.

This incident was occurred during the struggle for freedom in America against British colonial rule.

He was colonel martin Benjamin, a great patriot.

British soldiers killed his one son & arrested another son for killing.

Then he was felt in anger & made such cruel act against the British solders.

I say that it was his anger not a cruelty caused by the cruel act of those soldiers.

It was his revenge made in anger

He was crying in the absence of his mother's warm touch.

He was crying in the absence of his love.

He was quiet mum because his young children were away from him.

He was thirsty because he was away from their warm touch & love.

He wants to hear a word "hello "from them.

But they were busy in their own business.

He was not in their agenda.

Smile was away from him.

So he was quiet mum also.

Do you know who was he?

He is among millions of the people

Living in this world with out smile.

He was lying on the green grass and was thinking about his past.

What he was in his childhood?

What were his dreams?

Now where is he standing?

Today he is alone.

He does not know where his wife & children's are.

He came out from the prison after 6yrs.

Because court find him guilty in so many crimes,

There for court sent him in jail for six years.

He was at one time, A Gangster & under ground mafia of his time.

Now where is he?

He has lost everything except some plastic money.

His wife went away from his darkest shadow of a hard-core criminal.

His daughter having curling hair, bluish eye, & fair complexion girl is away from him.

Memories of his family have taken away his sleeps in night & happiness of day & night.

Her Sorrows

Restless,

Away from the gay,

Play fullness was absent,

Her beautiful big eyes were full of grief.

Because her younger brother was going to be marry.

And she was hardly able to show her self normal.

False smile was on her face.

She was hardly thirty years of age and she could not manage a life partner for her.

Dreams of her teenage are shattering now

because her broken leg was in the way of her dreams.

In the corner she was concealing her tears.

Suddenly I saw them and fell in grief.

She did not hesitate in attacking on the snake.
It may be dangerous for her life also
But she was thinking only for her baby's life
not about her at that time.
I think that it is mother's love
Which is not comparable to any one?
Mother's love is great.

Near the lake several flowers were blooming.

What a scenario was there?
A child comes near the lake
& starts to pluck some flowers for prayer
That snake bites him & he died at once there.
That snake was no other he was Mr Raj thakrey of Maharashtra.
That child was a student of Bihar
who went to Mumbai for getting a small job for his livelihood.
His mother is weeping still now.
Have you any word to say her?

Holi

Holi

Holi festival is very popular among children and young people.

Children can beat their elders by the water balls in the name of the festival.

It is their childish revenge from their elders.

Young gentle man can touch the chic of such

A young lady to whom they were watching with charm

Through out the year

And say please don't be angry.

It is holi.

They smiles only.

They become happy.

It is just like a feast for them.

Holi festival has a historical and religious

People celebrate it as their religious duty.

But this year Holi has special significance.

It is like colors for those who won the power.□

It is like fire for those who lost the power.

It is like havoc for those who lost their nearest

I lost my son Tarun Gupta on 4th Feb.2017 in a road accident.

I pray the God for peace for his soul.

Holy Ganga

Holy Ganga

The holy river Ganga has a great spiritual value.

It is pious and sacred.

Unaccountable people are running

towards the Ganga River as to fulfill their sacred duties

People in India believe that their ancestors will go direct to the heaven through this holy river.

So they burnt their dead bodies & flow the ashes of their ancestors in the water.

This belief is an ancient one

& people are obeying his belief as the order of the god.

So many people are living in the lap of the Ganga & they are away from their family life.

We called them the saints.

River Ganga is the life line of Indian people.

Holy War Eight

Holy war eight

Seven holy wars have been erupted

In this world during last one thousands years mainly in Muslims & Christians over the control of the land which is called the Israel

Result came in the form of massacre, arson & annihilation.

Today Jews have full control over this Israel.

Before 1948 Muslims have total control over this land.

Before them Jews & their religion was in power.

Later they were bound to abandon the area.

Jews live in exile up to a long period & up to 1948.

Western powers formed Israel in 1948 on the gun point after Second World War.

Muslims are trying to snatch the control of this area since then but they did not succeed.

Now Iran & Syria have joined their hands to fulfill the target to finish the reign of Jews in Israel.

Can they do it?

I feel that Jews are on the front foot.

If war erupts in Middle East then what will be it in difficult to forecast?

But it will be a holy war eight or we can say the world war third.

Smiles & laughing was no where.

Smiling faces were disappeared from the ground.

A youth festival was going on yesterday.

Now a horrible peace was there.

Yesterday's night, an aero plane bombards that village.

Four children along with others were also killed in that attack.

Every one was afraid.

Small kids were in the lap of their mothers.

Small girls were sticking to their mothers.

Youth were angry; their eyes were red & filled with anger.

Tears were in the eyes of old men.

Young women were crying & weeping.

Some govt. officials were also wandering to perform their duties.

Why this aero plane hit the village?

Why this aero plane brings so much tears & cries in the village?

Pink rose was shaking his head in the air.

I did not notice it in the morning but in the evening it became pale.

Why?

Because pollution was affecting it

Carbon di oxide is increasing in the air.

Garbage is also increasing in the city.

Global warming is increasing in the alarming stage.

It is affecting human being also.

Our beloved plants & flowers are in danger.

Countries belonging to G-8 group are producing seventy percent of carbon di oxide in the world

This harmful gas was extracting by the children.

Honeybees were flying on the flowers.

They were taking extract from flowers for their honey, a good food for humankind.

That is Polluted atmosphere & cruel behavior with them,

By plucking & crushed them by our shoes.

People have no money to purchase dear food.

He can not control the population.

He can not control his lust.

Please do some thing for the sake of human society.

Thanks.

Hurricane Of Left In West

Hurricane of left in west

A hurricane of left came in the student politics of western U.P (INDIA) during 1970-75.

A small group of students consisting of Shri Shyam Veer Rathi, Mr. Prabhat Sharma, Mehkar Singh, Bachan Singh Mauji & others were the member of that team which bring the chain of agitations in student Politics in mainly at Meerut College, Meerut & other near by areas to high light the problems of youth of those days.

Com. Jagmer Singh, student of M.A, NAS College the then district secretary of S.F.I Meerut was also the key member of that team.

This young energetic student was full of vigour & talent.

He was a thinker, philosopher & a planner.

He had adequate knowledge of Marxism & Leninism.

During 1970-75 he played a key role in engineering and guiding the student movements of that time to highlight the problems of youth of those days.

In India an agitation for total revolution

Was going on under the leadership of

Mr. Jai Prakash Narayan a saryodayait leader on national scale.

In the mean time this team of handful students creates the hurricane of leftism in student politics in our west region.

Unaccountable movements were launched during that period.

At one instance, it was the time of annual function in Meerut College, Meerut.

Mr. Shyam Veer Rathi stood before the crowd & shouted the slogans against unemployment & uselessness of this present education system.

He also tears his degrees of M.A & BA awarded by Meerut University, Meerut to him by saying that these degrees are useless for students in earning their bread.

This type of agitation was of new in style & shape

And become burning news on national level at that time.

See another movement of that period.

Mr. Shyam Veer Rathi & two other students were sitting on hunger strike before the gate of Meerut College Meerut for some student's demand.

Hunger strike was going on.

In an evening the then president of student union

Mr. Satyaveer Singh along with ex Presidents Mr. Tejpal Singh & M.P Singh (pidi) made an agreement with college authorities without consulting agitating youth of Meerut College Meerut under the leadership of Mr. Shyam Veer Rathi & others.

Their act of agreement with authorities was taken as an act of treachery with the student movement and with the interest of the students.

com- Jagmer Singh the then key member of S.F.I taken it seriously.

He prepared a pamphlet against this act of treachery and with out delay distributed it among students with the help of other comrades like Ashok Sharma, Rajendra Bhushan,

Bachan Singh Mauji & others & asked the students to come on kutchery bridge next day.

Believe me that the crowd of about four thousands students came on the bridge to hear com. Shayam Veer & prabhat Sharma the then student leaders of that time.

The skill of com- Jagmer Singh was like a miracle at the time of such student's movements.

The demands of students accepted later after this movement.

Now com- Jagmer Singh is suffering from a cruel disease 'cancer' from two & a half yrs.

In last I pray the God for his blessings & to give peace & courage to bear this grief to his family members.

They were twelve in numbers.
A piece of poetry was in my hand.

Its smell & sweetness is still in my heart & soul
But I can not count the smell & sweetness of the poetry.
It looks like the thirteenth Banana in a dozen
It is the matter of feeling & joy.
Mr. LES A MURY an Australian poet also describes the poetry as thirteenth

I Hate Wars

I Hate Wars

History is a record of wars, bloodshed, sabotage, arson, looting & assassination of innocent people.

One declares supremacy over others.

Why?

Because some people are crazy

They are sadist also.

Because they seek Joy in others grief.

Some time war is inevitable to secure peace & Justice.

Then question arises?

Why people want to snatch freedom of others?

Why they do not accept the principle of equality?

"All are equal before the god."

Says Jesus Christ

Killer king Ashoka became the "Ashoka the great" by accepting the principles of Buddhism.

Earth is one

God gifted us for all human beings.

Then why people are fighting in the name of Nations.

Unaccountable people have been died

If Words Worth Alive Today?

If words worth alive today?

William words worth wrote about bomb blasts not about daffodils.

He wrote about the smell of gun powder not about the fragrance of the flowers.

When he sees the bloodshed & killings he wrote not about cool breeze beautiful weather he wrote about the nature of terrorism.

He always describes the heart breaking atmosphere of refugee camps not about the beautiful gardens.

He became sad to see the tears of martyr's widow & never describes the chirping of the birds.

Red roses & tulip became dry & fade to see the faded cheeks of a young girl.

Who lost her younger brother in an explosion?

Instead of cool & calm blue sky

He wrote about the missile

Attack & bombing from the sky & burning colonies of human beings.

It was fortunate for him

That he was born in eighteenth century not in twenty one century.

Time has come to teach them that their acts are fruitless & in last will go in vein.

Jihad Theory Of Islam

Jihad theory of Islam

Swat valley, the former paradise of Pakistan & the whole Pakistan is converting into the valley of terror

Because hand full of Pakistani people want to govern Pakistan as per fundamentalist Islamic religious laws

Which were laid down in seventh century by Hajrat Mohd. Sahib & his followers. Mohd. Sahib declared himself the messenger of God so his voice was accepted as the voice of the God.

In this way he also formulated the theory of Jihad.

According to it the people who will not obey him or will not accept Islam will be called kafir.

& kafirs are not allowed to live on this planet.

The person who will kill the kafir will go direct to the paradise.

Uncountable people has been killed up to now by the followers of Islam in this world from centuries & this chain of killings is going on still now.

All terrorist activists in this world is the out come of this theory of jihad.

I don't know the accused persons for these innocent killings are going to the paradise or hell.

I feel that such killers will go to the worst hell if it is any where in this universe.

American and its allies construct Israel after Second World War to provide a separate country for the Jews of the world.

They can make it in U.S.S.R., U.S.A. France and Australia.

But they have chosen Palestine because this country was not as powerful as they were.

I pray the God that we must live on the front foot and in joy.

She wrote a letter to her husband & say

"Days went away with work,

and nights away with the pain of separation.

What I must do in your absence? "

Soldier replied that

"You are waiting for me there

and here I am waiting to the enemies of the country.

Nights come as a challenge for both of us,

You have to fight with the pain of separation & I have to fight with the enemies of the country.

It is not only a challenge for us it is also our duty."

Sun was going to set in the west but
It was till 30 degree away from the horizon.
One cobra came & went away nearby me.
I scared a bit for a moment but
became normal next moment.
A male fellow worker came near by me,
Who was showing him self busy in other works
But he was stealthily seeing nude part of my breast.
He was looking like a cobra to me at that time.
I ignored him.
Because such incidents are common
for people like me in the fields.

Little Bird

Save Me

My egg, beautiful egg,

The bird was singing a song with gay.

Suddenly, a crow attacked on her to snatch her egg

But she flew in the air.

and another surprise was waiting for her.

A vulture attacked on her to eaten up her & her egg.

She hardly able to save her from the vulture.

Then she went near a pond for safety.

An another surprise was also waiting there for her.

A crocodile was comming towards her to swallowed her.

She was very much sad & flew in the sky

And She also asked the God to save her.

This story is not only of this unfortunate bird also

Of unaccountable weaker people of the world.

Live like an Alive Person

I am suffering.

I am neglected.

They are twisted around them self.

They are seeing only them self.

What is going on around other people?

They have no meant?

Such people are uncountable

In this world

See an instance....

An old woman asked lord

Buddha to alive her son who was died earlier.

She was very much upset & was ready to die in his absence.

Gautma Buddha said `o`

Respected lady see other people on the earth.

Death always comes to every one time to time.

Death will not leave a single person on the earth.

So why are you so much upset on the death of your son?

Birth, sorrows & death is mingled with human beings

as the particles of air, water & our breath also

So always live with happiness & don't be worried in life.

Your life style must be as an alive person not like a dead or semi dead person.

Lotus Of Love

Lotus of love

War was on,

Blood shed & killings were continuing,

Indians & Britishers were fighting.

It was the time of first Indian freedom struggle 1857.

On the other hand a love story grown up between Ruth lobadoor, an Anglo-Indian girl & a noble pathan Javed khan in Ruhel khand division.

This passionate love story was like a lotus of love grown up

In the tank of blood, cruelty & killings

Ruth's mother barred them by imposing a condition of defeat of English Armies in the struggle.

They did not cross the condition up to the last.

Javed khan died in war & Ruth died unwed after fifty five yrs of war in U.K.

Their sacrifice in love was memorable.

They wait & died in love which makes their love story

Unforgettable

Love Them

Love them

My foot rose to crush them.

They were small ants going in a straight row.

Next moment my foot stood up

And then I asked from myself

“Why am I doing so? ”

These small ants are God’s creation

And only he is empowered to create or kill them.

I am powerful than these weak ants

But it doesn’t mean that I am empowered to crush them.

“Be kind to the animal world

And don’t harm them”

“Lord Buddha”

So we must follow the preachings of Great Lord Buddha

And be kind to these beautiful ants.

Lover's Paradise

Lover's Paradise

In rainy season

Rain dropp lets come slowly-slowly.

Some times they come in flurry just like a frenzied lover.

Some times sun shines like a beautiful flower.

Some times it goes behind the veil.

Cloud converts the day in to the evening.

Gentle, cool braze blows.

Day became shy like a bride.

Cloud covers the bride like an umbrella.

Children live in the gay.

They collect rain dropp lets in their hands and also on their mouth.

This season bring them at home from the class room.

It is a season for lovers

Or we can say a lover's paradise.

Lullaby Of My Mother

Lullaby of my mother
Stars were twinkling and looking
as they were clapping on
the lullaby of my mother.
It was early night and she was singing
for the sound sleep of my little sister.
Cool and mild breeze was blowing
and it was kissing and wrapping her
like a baby does with gay.
Moon was coming slowing and slowly on her head
to hear her sweet voice and
was spreading its cool and silver rays
like someone is praying God with flower.
Suddenly she fell in sleep and
the silence wrapped the world.
Later morning came with light and
a new message for the next day.

Do you know him?
Such people are unaccountable in this world.

Peep in small rooms & in the corners of your hi-fi houses.
They are not stranger to you.
They are your own
Who brings you to this magic world?

Mantra For Happiness

Mantra for happiness

Fragrance of relations is the spice of life.

We should care it just like of a plant.

Pay regard to the relations,
which is like the water for plants.

Love the relations,

Sacrificing nature is must like air

In this way,

relations among beloved persons will be healthy.

Life will be a happy one.

Bitterness, agony & loneliness will not take place in the life.

Smell of relation ship still in my mind.

The roar made by my father to awake early in the morning,

Stretching of my cloths by my little sister

Now time has gone.

We became adult now.

However, the memories of my childhood are fresh in my mind.

Can we do some thing?

Stop production of green house gasses & save our planet from global warming.

Which is in the root of so many problems?

But it is not in the hand of common people.

We can minimize the consumption of diesel & petrol.

We can grow more & more plants & trees on the earth according to our capacity.

In this way we can minimize this problem of the man like from Ethiopia.

Why?

They are killing innocent people.

Why?

Such burning questions are disturbing all peace loving people of the world.

They are claiming them self the men of Allah or god.

They claim them self the true Muslims of the world.

So they are killing all Muslims who are not true Muslims

According to themselves

So they are killing Muslims in Islamic countries like Bangladesh, Syria & in Indonesia.

I think that such bomb blasters want more & more Islamisation in the whole world as describes in Quran & other holy books of Islam

They want to send our present generation to back in the pre medieval age.

When one exploits other, I felt hurt by seeing this.
One uses muscular power against weaker person that grows grief in me.

Men want to overcome others.
He want to fulfill his desires, which may be right or wrong,
this criteria is of no meant for him.
He want more & more money by hook & crook.
He is ready to break any law or any interest of the society.
How can we say such persons?

Men want to win others.
Why?
I am not understanding why such animals
Instinct are prevailing in men's behavior.
Wars broke up in the society but in result
no body gets anything except ruins everywhere.
literary peoples always cries against such vulgar
and cruel instincts from the beginning of mankind.
But few peoples hears them.
Results are clear.
The pages of history are colored by the blood of mankind.

Please try to bring them in men's behavior.
So we can proud on our human world.

They do not like the sleeping of sun in the lap of the earth.

Because if sun will sleep,

World will sleep.

Birds will go to their nest.

Activities will be stop by the human kind.

It will be halt of the progress.

Moon and stars are on duty.

Moon is spreading its cool & bright rays on the earth.

Stars are twinkling in the sky.

Giving the message of continuously work.

Therefore, they were breaking the sleep of sun, earth & human kind.

At four A.M...

They succeeded in their mission.

Birds began singing the song of the early morning.

Peasants put off their plough & start their activities in their fields.

In this way, next morning comes with a new hope.

A time was

When there was chirping goes on
round the clock on the guava tree.

She was living happily with her children & Mr. He.

Before some times ago

I found that their was no chirping in morning or
in the evening.

The bird was alone.

Children went away to their on world

& Mr. he went to another nest.

She was quiet mum & full of grief.

This story is not only of one bird of my guava tree,
It is of unaccountable old people of the world.

No Chirping Of Birds

No chirping of birds

There is no chirping of birds on trees.

Birds hide them self in leaves or in their nests.

Because sudden rainfall have fallen on the earth

Life has been disrupted.

Children are bound to live in the rooms.

But some plays with rain dropp lets.

These drops are cool & charming.

Eyes of a pigeon are seeing them keenly.

Birds are welcoming them.

Leaves are achieving tonic of life from them.

Animals are happy & in gay.

Cool & gentle breeze is blowing.

A grand gift of the nature to our planet

No Men's Land

No Men's Land

I am a ten years old child.
I am here in no men's land with
so many others.
I do not know why I am here?
I know only that
They are killing our people.
They are burning our houses.
They are looting are articles.
They are destroying our schools,
playgrounds and toys also.
There may be political differences
but what can I do so far?
I want to survive on the Earth
as a human being.
Where is Mr. Dalai Lama,
the angel of peace and non-violence,
who has no words till now
for my sake?
I don't know more about religion
But I know that I belong to
A Muslim (Rohingya) family of
Myanmar (Burma) .
Govt. Of Myanmar is doing right
or wrong I don't know?
I want my breath,
bread and security only.
Where is United Nation?
What they are doing for my life.
I asked the world community
To intervene in the civil war
which is going on in Myanmar.
For the sake of humanity.

War is hatred one.

Nobody wants war

Still we are facing wars time to time.

War means total destruction, bloodshed and violence.

War means lack of peace and Bread.

Sometimes war ruined the races on the earth.

We must avoid it at any cost.

Power game of super powers never allows us to do so.

No-Borders

No-borders

Stars are shining on your uniform.

You are yourself the star of the nation.

Several poems are composed on your bravery.

You are a brave person.

Nation sleeps under your security cover.

Children play freely in the school because you are alert on the borders.

Women are wandering freely in the garden because you are safe guarding them with your gun.

Stars on your shoulders are telling the story of your highness.

You have killed so many.

You have to kill so many in the future.

Young ladies see you with enchanted eyes.

Teenagers want to be as you are.

You are the dreams of so many.

You are the stars in the eyes of every one in the country.

But situation across the border is very grim & horrible.

Children see you as a Dracula.

Young ladies of that country feel you like a killer of their brothers & husbands.

Old ladies hate you because you fire on the chest of their sons.

This type of attitude across the border is only due to the border.

So try to eliminate borders between the countries of the world.

There must be a world government on the earth as described by George Bernard show some years ago.

No Rest

But they were loyal to me

And in last I got it in the bottle of a wine.
Now it is with me.
And I know that it will not
Leave me like others.

Not Rocked Them

Not rocked them

Among the dance, roar, clapping & smiling one man in the corner

Of the hall was sitting idle.

Who was quiet mum also?

It was a joyous party at the floor of a hotel.

Some bomb blasts rocked the capital of India & also to the whole nation.

After knowing this fact that so many people have been died & so many have injured seriously the participants was beyond the worries.

They were in joy & were enjoying the party.

That man became normal after receiving a mobile call which ensures him.

That his son was safe

who was in the capital at that time?

He joined the dance party in the hall at once.

The attitude of the participants was a shame not only for them but for whole the human society.

Are you agreeing with me?

Oath Of A Palestinian Girl

Oath of a Palestinian girl

She was standing before grand multi-storied colony,

The colony of Jews

All banner and sign boards were in hebru or in English language.

This place was in Israel.

Her mother said her that before sixty years ago her grand father lives there along with their relatives and other villagers.

It was a small village consisting of a pool, garden, mosque and hundreds of huts.

Villagers were poor but love, brotherhood and harmony was in the society.

Air was cool and joyous.

After Second World War European's armed forces snatched this land from a weak country called Palestine and formed a separate country for the Jews of the world.

Her ancestors were murdered or fled from this area.

Still now they are ruling over this land of ours.

Smoke of gun powder is in the air.

Hate redness and craziness is in the society.

Because they are on the front foot

And more powerful then us

I hope that time will sure change in future.

When we will be on the front foot

Now I take the oath that I will change the history & topology of this area which is called the Israel.

Sand of the bank is not so cute

sticking in my foot & upsetting me also.

Birds flying in the sky are not looking pleasant to me.

The blue sky is looking mysterious today.

The coolness is shocking me,
when I touch the water.

I lost my mother earlier.

I am remembering her very much today.

Now I am performing the religious customs with grief.

Tears are coming slowly

And

slowly

and

are enough to wet my cheeks & brows.

Now I am returning back

To my home with heavy foot.

I think that

It is the human life which revolves
between hope & hopelessness.

Three fourth of the world's population is living only for living.

They have so many botherations in their life.

Someone asked from them about the significance of the rainbow.

They describe that the rainbow may be the dream of every person.

Some get it on the earth & rest of the people gets it after the death or in heaven.

Oven

Oven was very popular in villages from the ancient time.
It was the part of our rural life.
We can say that oven of the village was the part of our tradition and culture.
Women gathered there in evening to get their bread baked by this combined
oven of the village.
Gathering was like a women's kitty party.
They talk, enjoy and discusses the matters there.
Now this oven system in the villages is over.
We can say that it is the end of a cultural era.
social feelings are less than it was before fifty years ago.
Present system provides us single, truncated
& isolated families victimized by several types of frustrations.

Chirping, flying was her daily routine.
In one night owl attacked on her nest &

Partition Of India In 1947 Was Must.

Partition of India in 1947 was must.

Partition of India was the need of that hour in 1947.

The than leaders of India like Mahatma Gandhi and Nehru did well by accepting the partition of our country.

It was good for the sake of Hindus, Muslims & for the country other wise more than ten crores of people could die in the wake of violence erupted during independence struggle before and after 1947.

It was a historic truth that most of the Indians did not like the partition and they wept on the eve of the partition. But Muslim league and its followers did not wept on that day.

They thought that the they had won the war for creating a new Islamic country in the world.

They had successfully launched the movement which was declared the jihad, a religious work they had performed which would send them to the heaven.

Their work of forming a Pakistan was the mission of millions Muslims of that era. Partition of India was the out come of the separatist, communal and poisonous movement launched by Muslim league in Indian subcontinent mostly in Muslim masses for a century.

The than leaders of Indian national congress could not counter the movement of league and also failed to convince the Muslims that their future is bright only in a united India not in a truncated India.

Religion helped the Muslim league and mohd. Ali jinhah became the mouth organ of league only for his careerism.

He was a ambitious politician and only Muslim league can fulfill his desire so he went in the lap of the league.

National leadership of India like Gandhi, Nehru and Patel did not like the partition and they tried to stop it up to the last.

But up to 1946 the situation in the country was became grave, violence was every where, economy was cracking down & Indian masses was divided mostly in Hindus & Muslims.

This situation could not be allowed for a long time.

Therefore, In the last the heart breaking decision of partition of India was taken.

In the last I will say that the Muslim league was wholly responsible for the partition of India and not any body.

We were crying not to do so.
They were not taking us seriously.

Piety eyes

Her eyes were full of piety.

She was seeing every body one by one.

She was quiet mum.

She was lying on the bed.

Food was given to her by pipes.

She was terrified also.

She was groaning again & again.

We were helplessly seeing her.

Women were whispering about her illness.

No body was hope full for her life.

And she was in great trouble.

Her groaning was making all of us trouble some.

But we can only pray to the god

Or request the doctor to see her again.

Tears were in her eyes also

& we were hardly able to stop our tears behind the curtain.

Because we fears that she will be more restless to see our tears. Critical period of her life was going on.

Unaccountable days & nights have been passed by me with her.

From my birth to the young age our nights & days were full of Joy, cheer & hope.

Now these days are full of grief sorrows & terror of death.

I was seeing the reality of men & women, who comes to this world with cheers & goes from this world with tears.

The period of between cheers & tears is human life.

It can be short or may be some long

But the end of life is inevitable

It is the reality of human beings.

What can do?

Nothing

In the night when we were both alone

She was always on the bed & I was on the stool her eyes always teaches me the reality of life.

She was asking me not to loose confidence & on the other hand her tears were telling the real story of her that she was also going to be defeated by the death.

We both were bounded to abbey the order of the fate

Decided by the god

I was waiting for a wonder.

We did not want to loose her.

She was my mother.

Roses On The Earth

Roses on the Earth
Shameful work you are doing
Laughing and smiling still then.
You are floating in the sea of poverty and sorrows
still you have
no hesitation,
No tension,
And no worries.
Can you say me to secret of your smile?
We are in surprise.
People see you and have a pity on your fate.
But you are always away from
the luxury of the fate.
Your profession is garbage collection.
No body can enter easily in your profession except you.
I have seen Roses in the garden.
They are blooming with the thorns.
You are also smiling with unlimited sorrows and poverty
Even on the heap of the garbage
which is more painful than the thorns.
We can say them
"The Roses on the Earth"

Sandwich

Sandwich

People are crying.

Children are in fear.

Young girls could not move on the roads freely.

Old men have tears in their eyes.

Women are seeking mercy of god to save lives of their family members.

In a war torn country every thing become badly shaped.

People live always in sorrows & agony.

Countries like Iraq, Afghanistan, Pakistan, India

& in Srilanka lives are not safe.

Insurgency made such countries hell from the heaven.

We can say that people lives like a sandwich in these countries between military & the rebels.

Sea Of Sorrows

Sea of sorrows

Children are in gay.

Parents are in joy.

This joy and gay ran hardly up to twenty years.

These children become different in choice, style and thinking from their parents in young age.

These differences create bitterness in relations.

People describe these differences as a generation gap.

I feel that it is due to the changing always comes in society which effects the nature of the new generation.

A time come when parents becomes of no use to their children due to their old age and other circumstances.

These young people treat their parents as they treat with the garbage.

Parents fall in the sea of sorrows.

It is very painful for them.

Society must do as much as it can to heel up their pains.

Seeking For Lunch

Seeking for lunch

A pair of bird was on a guava tree.

It is in my courtyard.

It was an early morning.

They were quiet mum and calm.

I thought that they were asking me for a little breakfast.

So I threw some pieces of bread near the tree.

But they did not care for the bread.

Suddenly one of them dive on the earth and catch a grass Hooper and then fly away to unknown place.

I am of the view that they were not looking for the breakfast

They were seeking for the lunch.

Selfishness

“Selfishness”

Once a naughty kid shot dead a crow.

The crow fell on the earth.

Suddenly so many crows gathered on the spot in five or six minutes,

Roaring and gyrating on the spot.

How much they loves to their companion?

Now we can observe so many peoples, who cares him self only.

They are unaware by the difficulties of their own persons,

even their nearby peoples.

But when they are in botherations they cry for help

and preaches a lesson of helping others.

But in their case they always do the reverse.

How can we categories such peoples?

They are selfish persons.

I hate such persons.

Shaper Of The World

Shaper of the world
On the bank of the river,
Alone on the grass,
An old man was seeing in infinite.
Who may be?
Bearded, glass on eyes,
Having a bag on the shoulder
Was trying to snatch
Some thing from the sky
Who may be?
Thinking faster than the light years
About past & future
Wearing the burden of the whole world upon his weak shoulders looking like an
idle
but doing some thing may be vital.
Keeping vigil on the present, using his senses
About problems so he may advise the world
Like president Obama of U.S.A.
Who is he?
Some time behaves like a father,
Sometime like a teacher,
And have the senses of an ordinary men & women,
Thinks high like a great man,
He is a shaper of this modern world.
Because he is a philosopher or a poet.

She was chirping like the birds.

She was running here & there.

A pair of eyes was watching her.

She wants to pluck the flower

But she stops her

Because one was a child

& one was a wise.

She crosses the road without any worry

Because she has the little fingers of her in her little hand.

She was enjoying of purchasing & her pocket was serving her.

She smiles because she provides shelter to her.

Do you know them?

One was a five years old child &

another was her mother.

Shock proof heart

Heart break in love brings an ocean of sorrows among victims.

Depression comes in life

Life becomes havoc.

Nights become dreadful.

Every thing becomes tasteless.

Normalcy comes in a difficult way after a long time.

Nothing

I have also gone through this process many times in my life.

I am owner of a shock proof heart

Shrewd nature of men

Money, power & vigor.
He has forgotten all these who were

Otherwise it will bring sorrows & grief

Silent

The sun was yet to arise

 And the mild breeze was bellowing

Chirping of birds

I saw the scene
 which was looking awkward.
Why the butterfly was so calm?
In the last I found
 that two tiny pink flowers
 were absent from my corridor.
They may be plugged by someone.

Slaves on the earth
Fields, flowers & butterflies,
rows of huts and houses,
A grand school of Rafia & Mamta,
mild wind of peace & love was blowing.
Several birds on trees were chirping.
Suddenly a falcon attacked on birds
& changed the entire world of the birds.
A group of fanatic people broke the school of Rafia in the name of religion &

An aeroplane hits the village by a missile in the name of their

Sadness & grief spread all over in the village
Tears became the part of their life
And they became slaves on the earth.

Cool & mild breeze was blowing.

Marigold & rose were blossoming.

Fragrance of flower was in the atmosphere.

Children, ladies & men were enjoying on the bank.

On the road side a young lady with her kid was begging.

Everything on the lake was beautiful except the beggar.

The beggar on the spot was like a slur on the lake.

I realize that the beggars are like a slur not only on the lake but on the whole human society.

We must fight against the problem of beggars.

Spot On The Human Kind

Spot on the human kind

It was a colorful evening.

I was on the top of a tower.

Watching the glimpses of the city

Many colorful lights were twinkling there.

Several sign boards were glowing.

Peaks of hotels & bars were trying to touch the high sky.

Luxurious cars & other vehicles were running on the roads.

I feel that the joy & happiness were dropping from the sky.

City was looking like a fairy land.

Suddenly I saw that a lady having a child in her lap was begging near a luxurious car.

In return they say some unpleasant words to her and then they shut the doors of the car.

Is it not a black spot on the humankind?

Spring has come on the earth.
Cold December has passed away.

Old people, shriveling in cold December are relaxing now.

Before one month I was well from every angle.

A dark night came like a storm & changes the life of my family

On that darkest night

Some rebel militants enter my house & stayed there.

On the gun point they forced me to bring food & other articles & stayed there for

I was helpless & bound to help them because my grand son was under their

State police came after the departure of the militants.

They charged me of helping the rebel & tortured me & my family bitterly.

Now I am a bad man in the eyes of local public & the govt.

But no body is ready to understand my helplessness.

At that time I was bound to help them

And govt. is tackling me like a traitor.

Now you can understand my grief & the story of my tears.

She pushed him to meet lord Krishna for seeking some economic help.

Sudhama was a man of self respect.

He did not want any obligation from his classmate.

After so many requests made by her wife

He went to Dwarika to meet his friend.

He lived there for six month.

But he did not ask for any help.

But when he returned to his home

he found so many good houses & prosperity at the place of his hermitage & poverty.

He was surprised very much to see this change.

Lord Krishna sent this economic help for his whole family without telling him.

Sudhama felt guilty & became very sad.

He left his home & family forever & went in to the jungles for devotion.

What a great man he was?

Self respect was full in his personality up to the infinite.

So many ways are to warship him.

So many critics come in this world.

Who pin points the way of worshipping the god.

In this way, so many religions came in existence.

Followers of Hinduism, Buddhism & Christianity

They tolerate them humbly.

However, in case of Islam the rate & tolerance is about to nil.

Roots of Islam are very deep.

No criticism can harm this religion

Therefore, they must be humble & piteous for critics.

Then there will be no harm to peace & harmony.

Flowers can make this earth beautiful.

flower may die,
Breeze may be hot,
Buildings may be outdated,

women are smiling with happiness.

The Poet

The poet

A kind hearted, imaginative person is called the poet.

He always worries to see
the grievances of others.

He becomes wounded to see the wounds of others.

He cries to hear the cries of the children & women.

Because he has only emotions not power.

Power lies in political leaders & military generals.

Power lies in the pockets of capitalists.

Poet wants peace & love in the society.

But it depends upon the sweet will of the war mongers.

He cries to see the hunger of the people

But he can only cry like the birds

& he can talk as an old man.

He can write like a student.

But he can not do more in the absence of power.

If a poet likes me have the helicopters then,

I dropp the flowers instead of Bombs & shells.

If a poet like me has the guns then I will kill all war mongers of the world.

Who kidnaps the freedom & happiness of the people?

If a poet likes me have affluent money than no body can sleep with hunger.

So every one likes him.
Another fact is this that the flower

On the other hand the thorn is a symbol of cruelty & pain.
I think that unaccountable people in this world

In addition, his eyes were wet.
It was his answer in a symbolic form.
She left the Alfa's home one year ago during split in relations.
Her mother created all botherations.
She is no more in this world.
Beta was also facing the same situation as Alfa was facing.
She was ashamed by the behavior made by her & hers mother.
She asked to forgive her.
Alfa put his hand on her shoulder & rush to get seat in this train.
There was no time to waste in formalities.

They Were Absent

They were absent

There was every thing except one

Who built it?

It was a grand building decorated like a bride groom.

A lot of flowers, lights & decorated walls were there.

People gathered to enjoy that evening.

Dance was on the floor,

food was on the tables,

and melodious music was on.

Great grief for me was that I did not find

all those poor people

who built this grand building.

Thinkers

Thinkers

Lunchtime was over.

Still he was sitting on the bank of the river.

He was comparing past & the present.

In addition, he was thinking about the future.

He was worried about every one except him self
because he was a philosopher or a poet.

Thinkers are the builders of history & the future world.

They born in this world to guide the people &

To shows the right path in difficulties.

They are the founders of innovations.

George Bernard show, Plato, Roussos, Gautama Buddha &

So many others were the incomparable diamonds of this world.

Thirteenth Banana

Thirteenth banana

Poetry is the fragrance of my life.

My life goes around it.

It reveals my heart & life.

My imagination can be seen in my poetry.

Some one says that "poetry is the thirteenth banana in a dozen".

Numerous events happen in our day to day life.

We feel them.

We observe them.

We react also on them.

Than we forgets them

But there are some people who marches one step ahead from others.

They react also on the events.

They enlighten the world for better tomorrow.

They are beloved poets.

They shows better path to the world.

We love them.

Thorn And Flower

Thorn and Flower
He cheats me.

He is not paying much attention towards me still then I have done a lot for him.
It is the cry of many in this world.

Every one has different nature & character.

Men are not very different from animals in nature.

Nature of fox, cat & chameleon can be finding generally in the people.
Some are greedy.
Some are criminal.

We can see thorn and flowers on a plant.
It is the world of different shades.

We must be a good judge otherwise; tears will never leave you alone in the life.

Time Is Changing

Time is changing

See & see,

"That old man is coming to disturb us.

We should go at another place to play"

It is the cry of children.

"Go to your room,

Please don't interfere in our life? "

A young man was crying on his old father.

These hot talks can hear in so many families now a day.

This twenty first century is not the century for old people.

The time has gone when the old men lives like a captain in the families.

The time of joint & large family has been gone now.

The time has come for single & small families.

The time of single & small families is going on where the place of old & sick person is very limited.

Tiny Temples

Tiny Temples

Have you seen a tiny temple near the road side?

There are unaccountable such
tiny temples are in our country.

People bear botheration in going through the roads
but no body dares to oppose them.

Why?

Because people are religious

And they are afraid of God's blessings.

I feel that such type of hindrances
on the road sides must be abolished.

Touch The High Sky

Touch the high sky

From long, long ago the mountains are trying to touch the sky.

These efforts are going on since their birth.

Trees are not lives behind because they are also in this race.

They do not know whether they will get success in their mission or not.

However, it is their mission of life to touch the high sky.

History recognizes only those,

Whose missions of life are as high as sky?

Only such persons can make good achievements.

Who fights with even with death to achieve their goal?

History is made only by them.

Towards the animal world

His foot touches his foot.

He became angry.

Quarrel starts between two.

Such scenes are common at public places.

Human beings is quarrelling each others

On small things to which they must avoid

Cruelty is growing in our society day by day.

Patience is reducing day by day.

Kindness & love among us is decreasing day by day.

Hatred ness is increasing day by day among us.

Which is a very bad thing?

People are ignoring the teachings of Lord Jesus Christ, Lord Buddha & other saints.

It is also a very unfortunate for our human society.

Violence, hate redness & quarrel are common in animal world.

Is human society advancing towards the animal world?

Tree Is Silent

Spring has come,
Birds are chirping,
Flowers are blossoming.
No more Cold.
No more Hot.
Buds are growing slowly and slowly.
Children are happy.
Kites are high in the sky.
Cool and mild breeze is blowing.
Happiness is happening everywhere,
But a tree nearby my house is still leave less and;
Looking very silent
I hope he may be hit
by the communal riots.

Tribute To A Martyr

Tribute to a Martyr

Struggle, Struggle & Struggle.

Since the humankind, we are witnessing unaccountable murders, ruins & so many barbarous acts, which are very much painful.

Are we the human beings different from the animals?

Such idea comes so many times in my mind.

Death will come to every one who is living on this earth.

However, when a pious and generous person has killed in war it becomes unbearable.

George Abraham Lincoln, Robert Kennedy, Mahatma Gandhi, Mrs. Indira Gandhi & so many unaccountable people assassinated during time to time in the society.

Now it is very hard to elaborate all those killing.

The assassination of Mrs. Benazir Bhutto, the of Pakistan, includes in this continuous chain.

I hope that the people of the world will unite against such killings.

Religious fundamentalism is a dangerous phenomenon in way of piece & co-existence.

World power must unite against such unholy powers.

Tuhi Ram The Great

Tuhi Ram the great

(Miracle of a receipt)

“Sir,

We have submitted our Revenue before four months ago and receipt is here.”

It was Thakur Tuhi Ram, the then Zamindar of Sapnawat village of Meerut district and now it is in Ghaziabad district, was saying to Mr. Danlop the then collector of Meerut district.

Time was of great Indian freedom struggle 1857.

Struggle was brutally crushed by the east India Company.

Collector Mr. Danlop was very much surprised to see that receipt because no village had been submitted revenue in his area.

After suppression of freedom struggle army hanged over unaccountable people and burnt more than fifty percent villages of Meerut district. In this way Th. Tuhi Ram saved the life of about three thousand people and to village Sapnawat from burning. After some time Tuhi Ram disclosed that he got that receipt with out submitting a single coin by the help of the then tehsildar of Hapur.

The tehsildar was a silent supporter of freedom struggle.

Records of tehsil was Burnt by the fighters therefore verification was not possible and receipt was finally accepted.

In this way the act of Tuhi Ram will be remembered as a life saver hero of Indian freedom struggle 1857 for ever in human history.

(Story is told to me by Dr. Davendra Singh of Meerut and it is based on historical true documents)

Twin Sides Of A Coin

TWIN SIDES OF A COIN

It was the bank of the lake.
Birds were singing on the branches of the tree.
Ducks were floating in the water of the lake.
Cranes were standing in
the water waiting for the fishes.
Clouds were floating in the sky watching
the scenes on the earth.
The sunrays were coming from the long distance,
Still then they were warming the atmosphere.
Happiness and joy covered
The area near the lake
Some tourists were moving here and there.
Some women's were having goggles on their eyes and little
Clothes on their bodies taking sun-bath
on the bank of the lake.
Scenes were as like as in the fairy land.
Some young girls were shooting the natural scenes by their camera.
On the other hand, at some distance,
Two boys and a little girl were collecting some used plastic pieces for their bread.
They were ignorant from the beauty and joy,
which was scattered on the bank of the lake.
How sad it is?
This type of inequality is painful for
the people like myself.

Ugly Thorns

Ugly thorns

Insects are falling and burning on the flames from centuries.

Flames are not pity.

Insects are also not timid.

They may be called crazy.

Poets of the world are using this phenomenon to explain so many famous love stories of the world.

Lovers in our society are doing the same.

Some times they succeeded and some times they did not and burnt like insects in their love.

Society is not very kind to them.

They force so many barriers in their love in the form of cast, clan and religion.

These barriers are like ugly thorns.

I hate such ugly thorns.

Unrest

Unrest

Lion is hungry.

Then imagine what will be in the jungle?

Roar & killings of poor animals will be in the jungle.

When a major portion of the people is hungry in the human society,

There will be no peace and harmony.

Numerous people are fighting for bread & pure water & on the other hand.

Some people are fighting for their own swimming pool.

It must be in their home.

Matter is in the court.

They are not worried about the thrust of nearby people.

Is it not sad?

Unrest in the society is based on social and economic inequalities.

Naxalite movement is based upon such type of inequalities.

So haves must think over this problem & try to abolish poverty from the society.

Then there must be peace & harmony in the human society.

He was also thinking about the society &

He was believer of Marxism & Leninism also.

In really he was a man of his own style.

He was com. Jagmer Singh.

It is a water fall.

A picnic spot for all

Children are always happy there.

It is fulfilling the thrust of the earth,

Animals and human beings also

It is serving all since its birth.

It wants nothing from us in return.

It also teaches us a great lesson.

We must care the plants because it
is nursing them also.

We must care the earth because

It is also fulfilling the thrust of the earth.

We must be kind to the animals because water fall is also very kind to them.

We must serve the needy persons with out any cost as much as we can.

We are fulfilling the men's major sexual needs.

We are not harming the society in any way.

Why people are making hindrance in our way?

Govt. Officials always threat us & exploit us.

They send us behind the bar time to time.

But sexual exploitation is also goes on in the jails.

We want to live with honors.

Will you fulfill our desire?

Was smoke was coming from a nearby factory?

So I shut the window.

Again I opened the window

Than the machines were roaring and
big noise was coming from the window.

So I shut the window.

Later I opened the window

'Oh' there was dirty water was flowing
and bad smell was coming

So I again shut the window forever.

But the flowers were not peeping from it.

I opened the window

But trees were not peeping from it.

So I closed the window.

I opened the window

But no bird came in side the room

So I shut the window forever.

Because the garden behind my window
was replaced by a building.

World Needed Them Most

World needed them most

It was an evening there was calm everywhere.

Some persons was burring a dead body in the cemetery.

Face of everyone was full of grief & sorrow.

Some were standing near the dead & some one here & there.

I was surprise to see the behavior of many persons there.

Some were talking about their, business; some were about their evening programmed.

A young person likely to be the son of a deceased man was discussing about his share in property with his relations.

It was a scenario of a cemetery & funeral ceremony programmed which was going there.

It means the face of the people was not showing the real picture of their heart.

It is the world of mysteries.

Money & selfishness is playing a vital role in the society.

Love & relations is base on the mutual benefits in the society.

No profit- No love.

It is the theme of the world.

However, so many people are such in the world that is away from this theme.

World needed them most.

This world is consisting of fragrance, butterflies & other greenery. Fluttering

Tulips were shaking there heads.

I feel that they were talking to each others.

Then what?

Worst Creature Of The Earth

Worst Creature of the Earth

A question mark was pasted on the ability of the human beings?

It was raised in the meeting of birds on a tree.

The dove was saying that human beings are superior to us so they are dominating on the earth.

Parrot said that human beings are of destructive nature because their activities are sufficient to destroy the earth.

The crow asked how?

The parrot described that the human society is exploiting the nature at alarming stage there for global warming is causing the melting of ice on the poles which will increase the level of seas

and in this way the most part of the earth will drowned in the sea.

It will harm not only to the human society also to all who are living on the earth.

The pigeon said that we are different types of birds on a tree and eating fruits without any quarrel and see the human society where the human beings are quarreling each others for food, water and land so they are not as wise as they think about them self.

Sparrow was also there.

She said the human beings are cruel, wicked & immoral also.

Sparrow explained that human beings are busy in docility, rap & murder also.

They behave cruelly with horse, cow, buffalos & ox who serve their best up to their whole life to the human society.

The behavior of human beings is full of cruelty & immorality so humans are not good.

All the birds that were present there raise their voice & say that human beings are worst among all creatures living on the earth.

Sorrows are in my heart.

Whole country is seeing the ugly game of politicians & fundamentalists.

Politicians are busy in strengthening their vote bank.

Brother Hood is in danger.

Muslims are opposing the allotment of some land to amaranth shrine board.

Govt. of J.K also agreed on the demand of Muslims.

Hindu mined people in India are in anger.

They are seeing it as a defeat of eighty five present people of the country.

This act of Govt. & the Muslims of J & K will weakened the brother hood between Hindus & Muslims of the county.

What will be in the future?

God knows better?
