Which Way? ? ?

In this busy and mean world,
i couldn't decide i am puzzled.
where i was and where now?
i couldn't understand to explain how?
There are many ways to distinguished aims,
which one to choose a difficult game.
May i right or may wrong,
but i don't know which way to follow along.
what to do? please provide me some help,
i am unable to decide myself.
