Beside You

I love you,
day and night your the only one I think about,
No matter what I'll always be by your side,
I'll stay with you even if it hurts,
It tortures me to see you with another girl,
Why was I so dumb? ,
To let your door open for someone else,
I'll stay by you even if it means that
we can only stay as friends.
I'll be happy as long as you are.

Faith

Faith is what courages you,
Brings you love,
love can be true or false,
You think your not good enough for him.
Faith can help,
It can do little but you can do more,
Your the one holding yourself back.

I Was Wrong

You were the one I trusted,

You were the one I loved most

I trusted you with my secrets,

I thought you would never lie to me,

I thought you wouldn't cheat on me,

And what do you do?

Because of you my belief in you turned upside down,

When I caught you with her it tore my heart into two,

When I heard my secrets being spoken by others which was not you,

I couldn't believe what I was hearing, my deepest secrets were out,

I wanted to die from embarrassment,

Why did you do this?

I want to know what went wrong,

I believed I could tell you anything, but I was wrong,

My choice in choosing was wrong.

I'LI Always Be By Your Side

I'll always be by your side no matter what
I'll be there
to comfort you during the difficult times
when your upset
when you feel like crying
you can always depend on me
I'm right the when you need me
I'll come immediately when you call or if you need a sholder to cry on
I'll always be by your side
When you are hurt or sad so am I
When your down I get a deep cut in my heart
if you want to scream I'll be right next to you screaming along
I love you and that's never going to change
I'll always protect you from anything
because I love you
I'll never give you up because I believe I am the only one that can bring you joy
no matter what happens I'll always be by your side

Just To See You

as the moon rise when sun down you are all I dream about. Until the sun rises again. I was always thinking of you. Being around you, even if it was a risk in having my secret go out. Seeing you smile as big as the sun made me happy. The pain doesn't hurt as long as I could see your happy smile.

Love

love is just a word,
action is just a movement,
your heart can be damage so much,
Your thoughts, you think
you don't know how much damage you can do.

Love Can.....

Love can...

...be difficult for people time to time,

...be true or false,

...be strong or weak,

Love is not a solid thing,

It's always changing,

There are break ups and cheating in love relationship,

Love causes a lot of pain for people,

... make you cry,

...make you fight for no reason,

...make you happy until the end,

...make you weep and depress for life,

Until you find a new love but you would never forget your old love for it was a lot of pain,

...cause jealousy

...make you go crazy or even mental(literally) for life

But there is always love in peoples life,

Love is many different things

Sunset

As the day went by I wondered how it will end. How will I be able to survive the terrible horror of the day. When the day ends and sunsets, it's over for the both of us. The start was long ago, but now it is the end of it all. There isn't any solution to fix the problem of it all. The end is hard to be stopped. When it ends the day can't be a help to us, not one bit of help, that is how strong the end is. Even if you expect the time being. In the day it is as bright as the sun, but when it ends then it's time for you to say goodbye to the light. When the sun is set then the horror begins with a never ending to it, but we are over that is what matters most and hurts the most. The horror is many things in life, but one thing. It's not a good thing to interact with. Once you do, it all over mostly your life is over. There is a won't be a chance to get away once it gets to you, you won't be able to live. There is nothing that could stop the horror. Even if it is just out there, anywhere, but if it gets you. You will be doomed for life. It will seek for new people but only if it wants to.

The One

Your the one I loved so much.

The love of my life.

I would do anything for you the one I love.

If I ever had one wish it would be you.

I want you to love me the way I love you.

As long as were together nothing will happen for our love is strong.

You are the one and only for me.

The one I worship with my life.

The Pain

You gave me this pain in my heart,
the pain that can never be removed,
It scarred me for life,
how are you going to make it up to me,
the times we were together were the best,
i loved you the most,
Now, I hate you,
You created the pain inside me,
Why? Since the day I saw you with her,
my heart ached,
the pain was a living hell,
it ached twice the amount of love that i had for you

The Things I Love About You

The things I love about you ...

....is the way you smile when I look at you

....is the way you don't judge people by there cover

....is the way you act

....is how you look

....is your personality

You're the person I first ever loved for everything about.

I want to be by your side when you fall.

I want you to hug me and never let me go.

I want you to only think about me.

For your the only one I love.

And always will.

Your Happiness

I...

... let you go and be free,

...thought you would be okay,

...let you be with the one you wanted,

...trusted your choice in choosing her,

...believed in you,

...was willing to give you to her,

...believed she would make you happy,

But when you went out together my heart sorrowed,

...understand the pain and I was okay with it because you were happy

... saw your bright smile when you looked at her I then knew you would be okay,

Everyday I saw you together,

Everyday I watched over you,

...was satisfied just seeing you

...let my feelings go, little by little

...couldn't forget you, I really tried

All of it was no use,

...was okay for a while,

When I heard she broke up with you,

I couldn't bear it, thinking of the pain you must have,

...could feel the pain shivering down my spine

... couldn't take it

...was full of anger

...knew the pain

...could feel your pain because I once had that pain sewed in my heart,

But knowing you have that pain it made me ache a 100 times worst then you.

When I asked you, you said you were fine, but i knew you were lying,

But I was a little relieved that youwere able to survive and move on.

Your Love

Your the one I love so much.
Seeing you makes me smile.
Even when I'm down your the one to make me smile.
Loving you is the one thing I'll always remember.
Hoping you to be safe,
To be happy is all I need.
Thinking of your thoughts is what it is all about.
To be loved by you its my blessing.
Hoping for you to be there no matter what can be hard.
But knowing that even if your not.
But your heart is still with me it is good enough.
For I am in deep love for you.
Hoping to be together forever.
