# Work, Work, And No Play

Do this do that  
wear a smile  
and not a hat  
greet everyone  
and when your done  
go and greet another one  
always ask  
'how are you? '  
and don't you frown  
cuz your not through!  
work work  
and no play  
maybe i will quit one day  
smile all the time  
and don't you whine  
go count the cash  
dont skip a dime  
put this up  
then take this down  
and don't you dare  
make a frown  
you have 8 hours  
left to go  
dont make a scene  
put on a show  
you work hard  
not hard enough  
be late again  
and ill get tough  
work work  
and no play  
maybe i will quit someday  
alright now the time has come  
when you work day is done  
see you tomorrow  
with a smile  
youll be here for a little while  
and since you have worked  
here so long

ill make sure that nothings wrong  
youll take my place  
sing my song  
bark my orders  
when im gone  
work work  
and no play  
but i will be the  
boss one day
