A Girl Dream

i dreamed! ! ! !
i was alone in the empty sky
i didn't see a thing just a few birds fly
i looked at my self then i started to cry
i felt so cold & my lips were dry
& i find out that i died
& i couldn't even have a moment to say good bye
i know it's too late but i have to ask why?
why am i was living a lie?
maybe cos i wasn't satisfy! ! !
a lots of things i was going to try
but my life past in front of my ayes
now i wish that i could find a life to buy

I Still Love You

i fall for you in the first look
& i write your name in every book
when we first talk i felt so great
but now our love is turning hate
cos you said 'i'm not ready' & you choked me up
but my love for you well never stop
& now that every thing is so clear
i wish that i could disappear
cos i wanted you more than a friend
but now every thing has to end

My Living Hell

i feel so scare
cos this life is so unfaire
i always wiped a single tear
& try to forgot that i'm here
i have a pink emo scene hair
the slim & the vans is what i wear
& my fucking family don't even care
they said: 'remove that freaky hair! ! ! ! ! !'
'those are the it clear? ? '
i said: 'i'm gonna suicide i swear! ! !'
