A Real Dream,

Dreaming open eye, without patience
I ask why, no narration
Asked again, what's the pain
Answered clouds, without rain

wondered! what clouds and rain
Answered eye and pain
Crossing triangular organ
In every amazing direction...

Lost my [part, new one gained
Its better. full of rain
Habit of rain new what
Place changed my heart....

What u said, is your will?
If then, clouds go above hill....

A Sweet Doll...

A sweet maid
A sweet doll
Measly paid
Badly mauled...

Spoiling sheriff summer
Why waited winter
Serf she suffer
Winter wind whisper...

Made heart persuade
Tenderly a hoax
Mind so afraid
Breaking the rocks...

You the creator
Also A DESTROYER...

God To God

God to god
Heaven to heaven
Thank you god
For heaven and heaven

Filled my hand
With barn and band
Band of love
Like a cove

Wait for hours
World move on
You have the power
Give and gone.....

Love And Fear

Starting with fight
Why u call me last night.....
My feelings are bold....
You have to make a hold....
Your voice is crunch
Like flowers in a bunch
Today, I enjoy....
Coz u din't coy...
You always edify
Nd I always defy....
You may vilify
Nd I will never fly', , , , , , , ,
Stars nd sun always shine
P ... you are just mine.....

Love Designation...

LIKE TO TRAVEL

Never stood a place

Like to fly

Air never faced....

Once hold an arm

Never learned to leave

Way can be dark

But my intentions will spark...

Gained you hide you

Made you my dream

Every journey me and you

A flowing stream...

Love my destination

My real designation.....

Love Failed Senses....

For those beautiful eyes
How could one stop his tries
And that smile, o god
I could travel miles..

Lips nothing to say
But speaks so much
Eyes nothing to see
But clears every fog
Ears just close
But hears the bell...

Senses have failed
What i gave name
Some say love
Some say game....

Love? ? ? ? ?

Fingers play and hand move
Warm breath nothing to prove
That these love days, like a dice
Every throw, new day, no price

New feeling, new place
Running from world, like they trace
Hiding, controlling and falling
Made every action so loving...

Like, bird need to fly
And sky made it shy
Prevent going above
May fall over love

Still I'll praise
My faith, love will raise.....

Magical Words Heard...! ! ! ! ! ! ! !

What wrong I had done
Why your heart has burned....
Just thinking of my mistake
But what could be my mistake....
I had a hanker girl..
Like a precious sea pearl....

Never wanted you
Always wanna be with you....
Nd which could a difference
between me and you.....

flowers and aroma different from all
like two bodies with a single soul...
like before.....
you still shy..
I don't know why....

But today..
With the power of lips
u express it first time....
I LOVE YOU
Nd I LOVE YOU toooo....

Still a missing thing thing
But I'm there to overcome everything....
I know this world is more important to you....
But my world is you nd only you.....

Where I'm lacking
Its my fault
It was a one side way....
By reversing you make a change.....
It hurts me so much
Coz I'm not a dutch.....

But sacrifice is love....
I'll wait for that day
 My sweet love....
U r with me...
Nd that's all what is me....

Met You

It was a beautiful day..
With a lot of joy
She was brooking time
Nd I was passing time....

Grrrrrr... I remind
Today I'm gonna fried
Where was my mind.....
A day before I think,
It's a cake walk
But it becomes a talk order....
.... In a few time ...
French leave ends....
Looking at her....

Finally we met after this
Extreme morning.....
she was just looking beautiful
we moved to a silent place....

Share the happiness `
Full of sweetness....
Your eyes were bashful....
Nd its beautiful.....
return

I hold her hand nd
Say I love you
She dint reply
Coz she shy.....
Met u soon.... Love u

My City Warriors

A city so old
Made warriors born
Together and enfold
Without them its lorn

Beauty to uphold
A story untold
Made city leaven
Those warriors from heaven

Every new breath
Enlighten their death
Won on battlefield
No count, how many have been killed

Their blood so pure
Made this city cure
Proud of nation
A reason of celebration

That love for victory
A war for victory
Made us for freedom
They were for freedom

A city so old
Made warriors born

Never Try! ! ! ! ! !

Don't cry Never try
If u try it again
You will see me profane
This time is hard to you....
And it kills me too.....
Was this your happiness
Its my carelessness.....

Don't cry Never try
I was living in a chimerical world
But u woke me up....
I don't wanna fight
Just want the period be right...
Always cheer No tears
Don't cry never try...

Thank You! ! ! ! ! !

God has listen my pray
Today you are with me.....
MY LOVE was so profound
But even though you found....
You have garnished my world
And I wanna veer this moment
To a very special place from where
It won't go anywhere

I will enjoy the moment
By hitting the drums...
But why there are coming
Some conundrums.....
What these questions will do of mine, , , , ,
When my answers are super fine

What I want is to stop the time
But stopping it
Won't take me to paradise.....'
Coz my paradise is you
Nd I wanna always be with you ...nd, , , you
Thank you....

Told In Bold!

Closed eye's and you
Running like a warm loo....
A native dream
Melts like a cream....

Never the less
Looking fab in that dress...
Spent the time
Over the prime....

Shrinks into my hand
Like a flower over the land....
Today it was inscribed
Truth was described.....

Thinking to loose
she hold me and choose...
Kissed on her cheeks
Reply was freak...

Two souls become one
Sea and sky made it done....
Beautiful aroma of heaven
When I hugged her at seven.....

Love you every bit
Without any hit.....
Above all sky
I'll never make you cry....

Truth Untruth

This day is hard
I lost my card
It was of my world
Answered it was corrode

A friend has done faux pas
Greater than pampas
I..
I swear of my world
But then also she dint galled

Melting from core
Said don't talk to me anymore
It was not my mistake
Nothing for your truth to take.....

Yatin yadvansh

Valentine...

Valentine

The day of love

It shines

Like a moon curve....

Roses in red

Taken in hurry

A boy mad

Make it bury....

A new rose

Charming smile

Warmest dose

Your smile...

Two lines can't write

May my love, always bright....

Yatin yadvansh

War..

War needs earl
Earl needs pearl
Pearl of victory
Victory of freedom.....

Freedom to hold
Hold and move
Move with speed
Speed so tough.....

Tough like rock
Rock with power
Power to accolade
Accolade with comrade...

Comrade wavering mar
Why they want war.....

When...! ! ! ! !

In a strange world
With a lover....
Was getting rolled
deeper and deeper.....
charming like sun
I followed like flower...
Hurry of squirrel
Sweetness of nightingale....
Desired and concerned
Warned and delayed.....
Taking a decision
Above all direction....
Truth would be described
Written and inscribed.....

Yatin yadvansh

Why Shy!

You meld in me
Though I was gaffe.....
Coz sometime blunders
Make wonders.....
You close your eyes...
Going into skys
I hold your hand
Take you to land....

You open ur eyes
And say gud bye...
Then suddenly
what u feel I don't know
u say I love you
that's what I know.....

I was intrepid
You were candid
Though u shy
But why
But I love when u shy
Aai hai.....

Yatin yadvansh

Worst Time..

Don't know to
Live or die
You drow
Me and eye...

Embrace of love
A kiss so sweet
Searing the pain
The precious remedy...

Time, a facade
Reverses the motion
A little less life
A new beat waked...

The biggest wound
I ever had
How could this time
BE so bad.....

Why u cry
I would be sold
There price
I cant hold....

You And Eye...! ! ! ! ! ! ! !

The time you think he went off
In real he has now vented on.....

Always like to write letters
But coz of world I teeter...
My eyes wanna yanker you
Always want to hanker you.....
My dreams getting mounded
There you are always founded.....
They shine and melt
Don't want them to wilt....
As closer u come
Heal the pain....
Larger than dome
Denser than rain.....

Yatin yadvansh

Young Birds! ! ! !

Birds in sky
Together with power
Wants to fly
Higher and higher

Smaller from land
Looks so dim
Loves every hand
No her no him

Residence is green
Path is blue
Wants to reach
Over the blue...

Shouting loudly
Just want love
Dying badly
Coz of your love ...

Leave me or my home
Make it green not a dome...
