Possum Or Blossom

I'd rather be a possum
Than to blossom
All day, all night
As I watch wars and fights
staying in the same spot
sometimes make me feel I am rot
But I'd love to be a possum
For one day and I will blossom
Moving forward and backwards
I feel so free, and become so awkward
So what is the difference between a blossom
And a lovely free possum
Never to watch wars nor fights
But I miss being what I am right?
So I shall be back a blossom than to be a possum
But I'll still think possums are better than blossom
