# A Moment Of Silence

Sometime I wonder  
If we could make It right to the end  
Sometime I wonder  
If we could kept It last forever  
Sometime I wonder  
what am I gonna do without you

Now would you cherish'd me  
with your love as much as I loves you  
Would you stand by me  
and comfort me tender  
with your loving and caring

And when I'm down would you'll  
be right by my side and tell me  
Baby.. It's alright it's all alright  
I'm here for you even heart beat stop  
I've promise you that my love  
for you will never never stop

Sometime I'm asking myself  
the same stupid question over and over  
Wonder what would happen  
If a things are can just  
suddenly goes wrong  
Sometime I'm thinkin' to myself  
If you've know how much  
do you've meant into my life

But where was you when I'm needin' you  
Can't you feel how much  
It made me suffer inside?  
You know what I miss most about us  
I miss your smell  
when you left I didn't wash the sheet's  
cause I didn't want to lose  
that completely... (YOU)

And it's crying me up for long

time because I would wake up  
and I'd smell you and think  
you were there and my heart  
would break all over again

# A Night Together With You

A night together with you  
is something that so incredible to me,  
A night together with you  
is like a cloud nine to you and me,  
A night together with you  
is not just any memory  
but a moment that we've share,

A night together with you  
is something that I would  
never forget in this life,  
A night together with you  
is like a castle in the sky  
for you and me,  
A night together with you  
is a miracle thing that happen  
most in this life for me,

Now here I am longing  
for a night together with you  
that both you and I  
could possibly share at each other  
For a night together with you  
is more like a lullaby to me..

# A Poem Of A Lonely Soul

If the stars can no longer be the companion  
now let me enjoy this frozen silence

If the beautiful poetry was no longer  
able to represent this feeling  
now let me enjoy this emptiness

Maybe a genuine tears  
are much more meaningful  
rather than a mendacious laughter

As he longing and hoping  
for it to end soon  
so he could get them all over  
For someone new and  
For something that will  
makes him happy.

# A True Test Of Character: U Know Your Friends When

No matter what they say about you  
No matter how they judge you  
No matter how they look down on you  
Now matter how bad they have treated you  
No matter how a true friend can sometimes betray you  
No matter how they try to make you fall on your knees.

Let them be,  
Let them be bad,  
Let them be jealous,  
Let them be evil,  
Let them be whatever,  
they want to be,

Just remember this one THING  
GOD will always be there for good people  
Because someday "karma" will teach those people  
back the same lesson and the same hardship  
that they have done and put you into.  
THEY WILL GET IT ALL BACK!

Just remember this one THING,  
NEVER, NEVER, GIVE UP!  
Although at times life sometimes may knock you down  
but you always can choose you have a choices to get  
your two feet back on the ground.

# Anything Goes = Whatever

I'll (you) hurt (me) you  
I'll (you) make (me) you cry,  
I'll (you) never care and  
I'll (you) never wanna try to understand you (me)  
to know (me) you..  
Feel the way (I) you do  
Through your (my) heart and  
through your (my) soul  
I've (you) do nothing than judge yourself  
(myself) in the other way and take  
(me) you for granted  
I'm (you're) not supposed to left  
(me) you All alone the moment and time  
when (I) you needed me (you) the most  
When all that (I) you need is for someone  
that you (I) could lean your  
(my) head on Hold you  
(me) tight and tell you  
(me) that not to worry so much my baby sweetheart

-Don't be afraid as long as i'm with you  
everything will be alright..-

But i'll (you'll) never been there for you  
(me) I (you) should've love you,  
(me) instead of doing all those things that  
i'm (you're) not supposed too..

(you're) I'm stupid! !  
(you're) I'm dumb! !  
(you're) I'm hopeless! !  
(you're) I'm useless! !  
(you're) I'm coward for I  
(you) do nothing than just letting (me) you suffer  
(you'll) I'll never been there to stand for you (me)  
(you'll) I'll never been there to defend you (me)  
And to fight for our loved  
(you'll) I've do nothing than just putting all the blamed on you (me)  
(you'll) I realized that what i've (you) do is wrong..

-When everything is seem's too late  
to turned back each moment and each time that  
we've been through together-

(you'll) I've do nothing than hurt you (me)  
Cause I (you) dont give a damn not even a single  
freakin' care about you (me) ..

(you're) I'm stupid! !  
(you're) I'm dumb! !  
(you're) I'm hopeless! !  
(you're) I'm useless! !  
(you're) I'm cruel for being so selfish  
(I) you love me with all your (my) heart,  
And with everything that you (I) have  
(I) You always care  
(I) You always be there  
Through vain and through pain  
Through happy and sad  
you (I) we're always be there  
Whenever I (you) call your (my) name,  
(I) you was there come running and,  
(I'll) keep me (you) warmth with your (my) love,  
And tender loving touched  
And there's no one in mylife (yourlife)  
will ever love me (you) like (I) you do  
There is no other, there is no other than you (me)  
I (you) should've love you, (me) instead of doing  
all those thing that i'm (you're) not supposed too..

(you're) I'm stupid! !  
(you're) I'm dumb! !  
(you're) I'm hopeless! !  
(you're) I'm useless! !  
(you're) I'm coward for I (you) do nothing  
than just letting you (me) suffer  
(you'll) I'll never stand for you (me)  
(you'll) I'll never defend you and,  
(you'll) I'll never fight for you (me)

I've(you'll) do nothing than just putting all the blamed on you (me)  
And now I (you) realized, that everything I (you) do was wrong..

-When everything is seem's too late and impossible  
to turned back each moment, and each time that  
we've been through together-

(you're) I'm stupid! !  
(you're) I'm dumb! !  
(you're) I'm hopeless! !  
(you're) I'm useless! !  
(you're) I'm coward! !  
(you're) I'm cruel! !  
(you're) I'm idiot! !  
(you're) I'm fool! !

For hurting you (me)  
and for breaking your (my) heart  
Cause no matter what I (you) do to forget you (me)  
or take it as you (I) never exist in mylife (yourlife)  
But I (you) just can't! !  
I (you) just can't! !

(-And If somewhere someday i'll see you again i make sure  
one thing that my leg and hand will stick on your  
face cause you've owe me a tight slapped! ! -)  
DAMN YOU! ! !

Now im feeling like a baby with no worries,  
And like a powerful man with a positive thinking,  
I'm both I'm both because they're not prepared to say,  
They're born from same great feelings..

# Are You My Everything?

I want you to be the air,  
That I've breathe to live,  
I want you to be someone,  
I could lean to when I need,  
A shoulder to lean on,  
And would wipe my tear's,  
Away when i'm crying,  
I want you to be the one,  
That I could hold on to if I fall,  
I want you to be the boy,  
In my dreams and sang me,  
A luluby song,  
I want you to be the boy,  
That I could point and say that's him,  
And I want you to know,  
That you are my one and only darling,  
Are you my everything? ?

# At Once Upon A Time..

At once upon a time we used to be friends then,  
At once upon a time we became a lover and there was..  
At once upon a time things change cus we are not like what we used to be  
anymore.. You left me all by myself alone and wondering where you are the  
moment when I need you..

For at once upon a time we've both made a promise that we would never leave  
at each other. But at once upon a time you hurt me and the most hurtings that  
you done Is when you left me without saying goodbye then, At once upon a time  
I learned how to live without you and I swear to myself that I would never love  
again..

But eventhough how I try and try hard to cure the pain and scar that you left  
deep inside my heart still I could feel how much it hurts me,  
I try and try hard to heal and ease the pain and scar that you left deep inside my  
heart still I could feel how much it really hurts me.

Because you broken my heart! But why..?  
when loving you Is pain and saying GOODBYE to you Is even more and more  
PAINFUL cus at once upon a time we used to be a lover..

Now things change and It's not the same anymore when love Is gone leaving the  
empty space of heart for love has drifted to a far faraway land faded to nowhere,  
And the only thing that remain Is a once upon a time that at once upon a time It  
used to be our story..

At once upon a time that now has reach into.. THE END..

# Beautiful Twilight

As the sun begins to set

I see you smile at my side

I stared unblinking eyes

To me, your eyes are so perfect

That day I feel the pulse of your veins

Hard heart beats sweet breath

Also warm your love

Now I make a story about you before falling asleep

I made the shadow of longing before sleep

And I make port in dreamland

This soul, This life, This heart is missing you so much

Cause you are my most beautiful story

# Broken Angel

There she is feeling lonely,  
keeping her self faraway from everybody,  
as she's trying to look back,  
at the things around her,  
her mind start to think,  
in silence and asked oneself.

"how did this happen"?

"do she deserve anything in life"?

"why should people love me?"

cause it make her feel guilty',

' do the broken angel deserve to love'?

She live'd in another world,  
feel ashamed for many things,  
feel ashamed about the things called reality,

They say sometime one feel  
we've work for what we have and gain in life,  
but, not for this little broken angel,  
She's in hiding,  
she's in searching for the next road,  
looking for her own way to become,  
she live'd for free and enjoy the other dreamworld,

Steeply down her face,  
she realize that she's about losing her track,  
she start to think and then tell oneself,  
people are working hard to get their dreams  
and feel good about themselves.

" but I don't deserve the life I've use'd to,  
for everything seem'd had just turn me around,  
my age and things I've been doing,  
just don't match compare to the other's'

Silently, she'd start to think then asked her self,

" am I still a kid or something'?

She don't know what she've want to be and that,  
she just can't hide from the world  
and stayed alone all by herself for the rest of life,

Then slowly she throw her self into the ground,  
and start's t to cry,  
her tears just can't stop streaming from her eyes,  
and then asking oneself,

the same question that kept's rewinding,  
on her minds over and over.

'will I still found someone that I've could love'd again?  
my heart Is hurt and no angel can fly with broken wing's'

# Day Of Mylife

Everyday of my life

has been proved shiny and bring luck.

But when we dont get this,

It wont bring any meaning except loyalty,

Cus we dont see things as they are,

See them as we are..

He who speak the truth must've one foot in stirrup,

Love is name of giving and not taking

any from love ones.

It does not ask for any acknowledgement or any return..

Zaarah Jasmin

# Do You Hear My Pain

Do you hear my pain?

Do you hear my pain?

Do you hear my pain?

Do you hear my pain?

I know they don't

How can they hear something

that isn't said?

Now hear me, feel me

Touch me, sense me

Life love me, love live me

Comfort me, encourage me

Protect me from harm

Give me strengths

Fill me with only good thoughts

Send me wisdom

So, I live my life in silence

Because I've forgotten how to speak..

# Dream Angel

The milky way upon the heaven  
is twinkling just for you and mr. moon  
he came by to say goodbye to you..

Oh my sleeping child the world so wild,  
but you built your own paradise  
That's one reason why i'll cover you  
sleeping child..

Gotta be strong.. Gotta be strong to carry on  
Gotta be strong.. Gotta be strong to move on  
face every obstacles that come along  
Cause I always be with you from now on  
would never left you walking down the road  
all alone..

Oh my sleeping child the world so wild,  
but you built your own paradise  
That's one reason why i'll cover you  
sleeping child..

Cause you will never be alone  
and if you ever feel's like the world  
has walked apart don't be afraid  
to call out my name  
I'll be right there come running..

## Dream Angel - Angels Cry

There are the scar that they have never seeing within..  
The only thing that are true when tears keep streaming  
out from little wounds that never stop bleeding..  
Afterall she kept dreaming and steply down her face time  
seem's forgotten her grace lost within the sins never forgiving  
all the pain and the scar that they have written upon her skin..

Zaarah Jasmin

# Dream Angel - I

She is creating silence to whisper her feeling..  
Cus when she talk they never listen..  
Perhaps through this silence..

# Dream Angel - Tears Dont Lie

There she is feeling  
lonely away from everybody,  
she found herself  
crying her tears never  
stop falling.

It keeps on dropping  
like a falling rain.  
Empty minds thinking,  
is there a place for  
someone like her even  
just a little space but  
there she will feel like  
she's home.

Perhaps there the true happiness is exist for  
this little girl.  
There will be no more sadness and no more  
tears, but only laughters.

Even if she cry, she'd cry  
a tears of joy from her  
hazel eye,  
cus a tears will never lie.

Zaarah Jasmin

# Dream Beach

I can only Imagine our very first hug  
it would be an early walk at dream beach  
the cold fresh air are blowing over us  
from across the sea

You say oh my darling this place is beautiful  
after that we picked up some shell  
that tide left behind and at one such moment  
the wind would play through your hair  
and freeze its beauty in my mind forever

Then at one moment I heard you  
calling me to go to you  
come and check this one darling!

And in your hand would be a shell  
as our eyes would meet and little  
smile for what we share slowly  
I close your hand with shell inside  
your fingers are hiding it from the sea  
then I say now make a wish my angel

After that you make a wish and wish  
for a hug a big, big hug from your hero  
and just want to feel it the way  
you had always imagine it to be  
with your heart beating faster  
and say please, please my prince darling  
just this time I want you close

Then for no reason the cold sea wind  
stop it's hold your skin and you feel  
someone close, very close to your skin  
you can feel the warmth radiating  
and lovely smell of someone skin

And draw it in to make you warm

on inside too then you say please don't let go!  
hug's me hug's me forever and ever  
then lift your feet from the ground  
so tight I hold yeah and then the two of us  
just melt for love and kiss..

Zaarah Jasmin

# Dream Paradise

I wonder sometime how it would feel  
just to surrender myself to you to get  
drowned in your lovely ways and drift  
to our dream paradise

It's ours only me and you holding  
each other share love and passion  
together then kiss yeah sweet face  
over and over and whenever my hands  
touch yeah you will feel a lovely  
feeling that fill your heart  
it'll be the most wonderful moment  
for us together as for a little kiss

I would do all of this with you  
and because you such  
a special person to me and it'll be  
intensely tense this feeling of love  
that surround you as your eyes  
hunger for this text feel it.....?

Don't be in a rush sit down  
I'm with you can you feel my presence  
with you right now?  
It's kinda nice feeling that you are mine  
this feeling was lovely and wonderful  
as you how i've long to kiss and hugs  
yeah under the moon

I cant tell you why I do what I do  
I cant tell you why I feel comfort  
of having you and I cant tell you  
the reason why time  
had cheated on us

Why we had to meet is a mystery  
the reason is far deeper beyond  
our understanding all I know is that  
whenever I say I LOVE U

I've really meant it cause I want  
to be with you and give that  
feeling of protection of belonging  
to find you interesting pleasant  
and beautiful among every girls

But I cannot commit in real  
I can never go and fetch you  
not in real it is sad  
sad thing that happen to our  
wonderful friendship  
and friends that I never have  
but I have you there with me

My heart break everytime  
I try to tell you this and I know  
that your heart even feel's it too

But what can I give except  
empty nothing for a girl wants a hug  
and want a smile for herself  
I love you sweet angel and I want  
your heart I want to take it  
to a place where myself  
can guarantee it would be safe  
in there

I'm feeling little hurt mainly  
because I take you for granted  
and I forgot that you have life  
and that you do what you want  
but I've cared so much about you  
that I don't care if you hurt later  
cause somehow I know that  
you'd be okay

Why did I ever do that?  
Is to let you know that sometime  
hurt comes from people one  
we love most if we was nobody  
then we would'nt get hurt

and it's really scared me  
sometimes but time is waiting on us  
and I've don't wanna hurt anyone

But theres always a sacrifice  
on achieving something they said  
sometime we just had  
to give up the most important  
things in our life for us to stepped forward

Damn it's the most hard thing to do  
when you have to let go of something  
which are really meant to your life  
How? can I ever give up  
something which had been  
so precious to me all this time cause  
it's really hurtful to missed  
someone and for having this  
feeling of love.

# El'Marcelia

She felt back the same pain  
A same pain from the past  
She could sense's their presence in silence  
She foresee the return of the memories  
that she try to erase far apart.

She smell the same shadow  
of someone that she use to know  
She could hear the thought's in their head  
She could visualize and see it  
from a distance apart.

She could reach onto the feelings  
hidden inside the old soul  
the one who cross the same bridge with her  
the one who gave her a false hope  
and destroy the innocent 'cyingsoul".

She cast a magic spell on a piece of papers  
written with a pencil of feathers  
As the blood they shed from her before  
it would be the thorns in the path of their  
walk everyday they will fall.

They called her a witch and said there's  
no such thing as one could hear voices  
though sense the smell of the invincible  
shadow from the other side  
Now that she had proven it to them that what has  
been told is not an empty words.

Everybody has everyone  
But not everyone has everybody..

# Failure Is Not The End Of A Journey

Failure is not the end of a journey

the purpose of life is to live it

to taste experience to the utmost,

to reach out eagerly without fear

for newer and richer experience.

Like human journey full of twists and turn always

differ without limit of time and space

sometimes it's painful and at times heart failure.

Be a good servant of Allah while facing the trials

thus approaching the feel of a quiet life of happiness

look at the future through prayer in winning move

because there is no futile thing in any sacrifice.

Failure is not the end of a journey

it is only a test of life hence the chances

from being a happy you it will lead you

through a better life and always be there

for someone who needed help.

Zaarah Jasmin

# Faraway

It's painful and sorrow,  
when love has gone,  
faraway leaving,  
the empty,  
space of heart,  
fading to nowhere,  
unable to trace,  
lost In a dark creeps,  
of the night,  
for once It was there,  
shining so brightly,  
waiting to be found,  
But when love doesn't,  
live Inside anymore,  
and leaving behind,  
Is only tears and a memory,  
nevertheless It was,  
the great gamble of life.

# Few Lesson In Life

When you lose faith to live always remember that, when you fall there will be someone who will hold you from the back.

Someone who will rise you up from falling.

Someone who remembers you everyday.

Someone who never forgets you and leaves you behind.

Few lessons in life,

Learned to care,

Learned to smile,

Learned to cry,

Learned to give,

Learned to forgive,

Everybody makes mistakes.

Learned to give a second chance,

Learned to forgive yourself, Nobody is perfect everything has its own defect.

Learned to let go the past its time to live for the present.

Learned to share

your feelings and emotion.

Learned to trust,

Not everyone is the same just because of some other people's bad impression, we misjudge a person before we get a chance to know them.

Learned to love, we can show love in many ways,

it is not only on buying presents.

It is when you care about the people you love,

And the people who love you, It is the most precious presents to show some love.

Learned to appreciate what you have,

Because not all what we have in this world is forever.

And most of all be thankful to our almighty God the creator of our universe.

For everything that he taught us about life is to make us a better person. MAY GOD BLESS US ALL AMEEN...

# For My Beloved Mother - Day When You Went Away

The day when you've went away  
has cause me a lot of pain  
cuz you are no longer beside me  
and no longer in these world.

All i can do is dreaming of you  
and missing the moment  
when you were here with me,  
Mother you did so many things  
that made me think i was so special to you,  
you've taught me that there are many  
important things in life.

I've come to understand all these  
as I've grown up and until I was old  
enough to think and look after myself.  
You've taught me that  
what I have today Is not forever  
once when before you say goodbye.

I know, theres nothing  
I could do to change It,  
And nothing could change It  
when thing happen  
It is impossible to undo it.

and I dont know how to get it back...

[chorus1]

I'm down and I couldn't Talk how I feel  
couse of the thing that worry me..  
(thing that worry me)  
Is i can't have you but you are mine  
In a world very closed to my heart  
More this more that  
More this than reality  
and I just want It to last

[bridge]

Such love with you  
In any way no matter  
I do everything  
Just to make you mine

It doesn't matter how far  
we are from each other  
I'll always be there cause  
I will never let you go...

[chorus2]

I would do everything  
It doesn't matter even  
If i have to cross the ocean  
As long as I could hold you  
near to my heart...  
(It doesn't matter how far)  
I'll always be there for you

cause I will never let you go...

# If I Were A Boy

If I were a boy  
I will be a good man  
I would love my girl forever  
If she love me the same  
and faithful to our love'd  
I'll do anything for her

If I were a boy  
I would respect my girlfriend  
feelings I'll make her feel  
so special and I will be loyal to her

If I were a boy  
I will teach every "badboy"  
a lesson and I will taught them  
how to respect their girl's  
and never threated girl's  
like a toy's

If I were a boy  
I put my girlfriend always first  
I will not fight with my girl  
I will talk nicely to her  
and I wouldn't insulted her

If I were a boy  
I will be a good man  
I wouldn't cheat and I wouldn't lie  
I would spend a quality time  
and I wouldn't be an ass  
for accusing her of cheating

If I were a boy  
I will protect my girl  
I will stand by her  
and take her side  
and do things that  
makes her always happy

If I were a boy  
I would never hurt my girl  
I would never do anything  
that disrespect our love'd  
I'll threat her like a princess  
with all the respect she deserve  
and I will love her with all  
my heart and soul

If I were a boy  
but I'm just a girl..

# It's Funny Isn'T

It's funny isn't?  
how certain things could get to you  
And start making you wonder  
It's funny isn't?  
how certain things could turn over to you  
And for no reason It got you thinking  
then asked yourself this  
one great questions.

Why, why, why  
Oh please tell me  
Why, why, why  
Cause you gotta know  
the reasons.  
Why, why, why  
when you want something  
So badly but you just couldn't  
Have it but why, why, why  
When you less expect them  
somehow it's just come to you  
Why, why, why  
Oh please tell me  
Why, why, why  
WTF hey! ! don't you know  
This is so D-A-M-N complicated.

Hey you! can't you see?  
I did almost everything  
To make thing's better not worst  
Hey you! can't you see?  
I did almost everything  
I shared all my dreams with you  
And I will take you higher.

In the end what you give back to me?  
The only thing you did to me  
Is making me look bad infront  
of your friends and every one.  
And now you dare telling me

That you did almost everything?  
WTF stop acting you scumbag  
for there's no grammy award! !

Hey you! are'nt you  
had enough of this shit?  
Cause no matter what you say  
The voices in my head  
still will tell me this.

Do you think they understand you?  
Do you think they care about you?  
Ohhhhh, you're making a great mistakes.  
They gonna put you in vain  
They gonna let you die in pain  
They gonna smash you  
And ripped your body apart  
They gonna take your soul  
If you ever let them  
will you let them?  
Hell no, no, no and no way!  
Cause Im'ma not gonna let  
Anyone to break-me-down.

It's funny isn't?  
how certain things could get to you  
And start making you wonder  
It's funny isn't?  
how certain things could turn over to you  
And for no reasons It got you thinking  
then asked yourself this  
one great questions.

Why, why, why  
Oh please tell me  
Why, why, why  
Cause you gotta know  
the reasons.  
Why, why, why  
when you want something  
So badly but you just couldn't  
Have it but why, why, why

When you less expect them  
Somehow it's just come to you  
Why, why, why  
Oh please tell me  
Why, why, why  
don't you just kill me  
and end all this suffering?  
WTF hey! ! don't you know  
This is so D-A-M-N complicated.

In the end all you did is say at last  
ohhhhh, finally you've found your reasons..

# It's Ok To Make Mistakes

i made alot of stupid mistakes,

i hurt your feelings in silence,

and i realize what i did was wrong,

when it was too late,

i should've tell you everything,

before you'll find out,

love me..hate me..hurt me..destroy me,

you can do anythin' just what you've wan't,

it's serve me right i've learned my lesson,

tell me...how could i let you go away?

tell me...how could i live without you?

now i believe that life is full of pain and sorrow,

when one person loves the other ones more,

tell me...that it's ok to make mistakes,

i still remember what,

you've been telling me all this time,

that there's alot of things,

that we can't just hide em'

and we can't just keep em'  
cause not all secret will remain secret,  
even how hard we try to keep em'  
not all...and not every lies could live behind the truth,

i'm sorry i didn't mean't to break your heart  
i know it's hard for you to forgive me,  
i lie to our friendship,

i lie to yourself,  
and the most painful truth to swallow,  
i lie to my own myself!

i'm sorry...but everything i do,  
is too keep us close together,  
and to keep this love last until forever,

don't ask me why all i could say,  
you mean everything to me,

more than a poetic feelings,  
more than a words and more than you know,

so many times i try to confess to you,

about the truth and what i've hide,

from you all this time but i fail!

my feelings for you i do not despise,

and i can't help myself,  
cause i'm falling inlove with you,

if only you knew about what i've felt for you,

i wish i could turn back time,  
i'll promise...that i'll be the reason,

for every smile on your face,

i swear...i will always love you,

every second and every minutes,  
everyday and night,  
every now and then,

i swear...i always will,  
as long as god still let me to shower you,

all my love for you,

i made alot of stupid mistakes,  
and i know it's not gonna happen,

cause from the very beginning since,

i know you for the first time,

i lie'd about so many things to you,

i didnt mean to hurt you,  
but i've gotta pretend to you,  
in such a way and get me to your attention,

cause it's not easy for me to get myself near you,

don't you know that it's hard to find someone like you?

i'm sorry...i knew everything i did was wrong,

when it's too late to admit for all this mistakes,

too late to say a single words,

too late to say that i'm sorry,

it's too late to regret,

if only you'll let me to have one more chance,

i promise...i'll make em' all right for you,

for everything,

and for every stupid mistakes,

i've done to you,

i know it's too late it's too late to say that i'm sorry,

it's too late to regret,

now tell me...tell me that it's ok to make mistakes,

love me..hate me..hurt me..destroy me,

you can do anythin' just what you've wan't,

but please give me one more chance,

just one more chance,

love me just for another day,

i'll promise you that my life will forever be yours..

# L.O.V.E

Sometime love brightens up your day,  
like a gold of sunshine in the ray,  
Sometime love turns up your shiny day,  
into a gloomy and rainy day,  
Sometime love brings out colours and joy into your lives,  
Sometime love brings out worry and fear into your lives,  
Sometime love is full of pain and sorrow,  
Sometime love can make you wonder,  
Sometime love can make you lost your mind,  
Sometime love can make you go crazy,  
Sometime love can make you cry for no reason,  
Sometime love can put your life in danger,  
and remind us that never to play with the fire,  
Sometime love can make you blind,

and one day when you open your eyes,  
you'll realize that you have missed the diamond's,  
while you are busy collecting the stones,  
Sometime love can bring life to the world,  
Sometime love can turned your world up side down,  
Sometime love can change your world,  
love is a greatest thing to do,  
So love yourself before you expect  
for someones to love's you in return.

# Letter

Evening star

Please tell him

I want to draw your rays in his heart

Morning dew

Please tell him

That i would embrace tightly

The cuff of his cold

O heavens

I want to see his smile and touch his face

Then paint the most beautiful ornaments space

and represents to him

For this letter

I wrote just for him

My one and only beloved soul

though only a rather simple

So now let me express

the whole sense of love

I have in this heart

only for him.

# Live Life With A Purpose

GOD only help's those who help themselves,

Take responsibility for yourself and your future.

Take inspired action and let your passion lead you closer to prosperity.

The mind is a powerful thing If we really listen,

We will always get the answer that we need.

Delay is always fatal, so if you have something in mind

it's better to do it now than to wait till it's too late! !

# Love Hurts

Love is a feeling which no one can describe only a person who had the same feelings toward someone would really understand what love is all about and how much it mean to them.

Love is filled with so many sacrifices even at times we have to sacrifice our own happiness just to proved that our love is real and to let them know how much we do care for them.

The reason is because we wanted to see them happy all the time for love is meaning less without a happiness it even hurts the most when all you can do is watching the one you love from a far while they were sitting next with somebody else.

But it doesn't really matter anymore as long as they are happy you'd be happy for them too although the pain that you felt deep down inside your heart is feels like stabbed by a millions of knives..

Zaarah Jasmin

# Love Is...?

Dont dream of with  
open eyes believe in  
reality its FATE.  
What you are they will  
find the same.

Life is unfair sometime  
we become suspicious about everybody  
just because of some bad experience or  
mishappened that we  
dont want to do trust in somebody,  
who, is even deserved  
to be trusted but we can't understand intentionally.

When this true about  
those who love someone but are introvert,  
second about those  
whom love'd ones know everything  
but they are underestimated for some  
nonsense reasons.

How can they say Love  
will find you..?  
Love find way its up  
to you..?  
How can we carry on  
those way..?  
Let us say if somebody  
loves you, how you  
become sure it really does..?

It find someone to proceed cus they going  
right in some aspects. Its rare to get someone  
love in this materialistic era hardly  
we get this innocent spirits.

This mean they are not sure about love may  
come back but is right to feel about love.  
Cus love is called to be the name of feelings emotions.

## Love Message - Kind Of Love [[? ]]

A true love will not bring us tears no matter if we win them or not.

It's not a game anymore love also can be differentiated into love for marriage and all.

No matter if they are opposite sex or all some kind of love it is also love. Gays and lesbians are there to say this aloud.

Though people don't share their own identities they share their feelings so that is also kind of love.

They cheat people for their beloved ones so love can also live behind cheating if they cheat people for their own happiness.

There's also some love behind that selfishness so that is also a kind of love actually it's selfishness..

[I don't mean to offend just sharing some thoughts]

# Love Message - Soulmate

What is soulmate does soulmate exist?  
myth or truth or somehow it's only an illusion  
Meeting a soulmate can happened everywhere it's not impossible.

As long as both has a strong insight and connection  
between a two-person are there.  
But how if both get along at each other in unexpected way  
will the two realised that they are meant to be as one  
that is so-called soulmate.

Does soulmate only do after marriage what about those  
who are not married and just get along is there any possibility  
that it can be they have found at each other soulmate.

Some people will always deny that they already found their soulmate,  
Cus they expected for something better and they keep on searching  
for a better is why some of them missing out the  
expected thing without realising a soulmate that they've keep searching for all  
this time is just in front of their eyes.

And the mind that always deny to oneself until they missed the  
oppurtunity to know their partner and love ones well cus there are  
people who never satisfied they keep searching and searching until  
they ditch themselves into triangular love situation rectangular or  
square and many shipped-shaped of relationship cus they keep  
looking for better a soulmate.

## Love Notes..

Take a deep breath and close  
your eyes then tell me  
what do you see do you see me?

Cause that's what I do when  
I'm alone I close my eyes  
and select what I see I'll try  
to imagined the thing's that  
i've always want it to be  
although I know that those thing's  
are only exist in my fantasy  
but all that I've want is to make  
them come true

You know when you we're a kid  
do you believe in fairytales?  
A love tales story which every  
girl's always dream about specially  
the part where the princess  
found her belove'd prince  
and that the two of them  
will finally be together live'd happily  
ever and after

But sadly those such thing's  
has never get to happened  
in real life and when we're talking  
about reality a word's happy  
is doesn't seem'd to exist  
in the vocabulary of my life

As I almost stop believing in love  
for true love are no longer exist  
in this world

There was a time I'm all alone  
I was sitting next to the window  
of my bedroom I look deep into the sky  
and then I saw one bright star

as it seem's shining over me

I asked the sky, why do star's  
shining so bright tonight?  
could it possibly because someone  
out there perhap's is also looking  
at the same bright star?

So I asked the sky again is there  
even any possibility that a two  
person from the two different  
side of world would found love  
in each other?

Who know's there is a biggest  
chances that they both  
we're mean't to be together

Then one day as I met you  
out there in a one summer  
for hours we sat and talked  
to each other like old friends  
we were I remember funny  
that I could find love  
in a perfect stranger

We're both are just like a young  
and inlove teenager sharing each  
other's honestly feelings

And I've tell this to myself  
knowing you in my life is like  
a dreams that come true to me

I've thanked god for everything  
and for making my wish come true  
as I've already found someone  
that I could called a special lover

All i can say is I felt like I am the most  
happy person on this earth  
as now you and I could share

each and every precious  
moment together

Sweetheart, I want you to know  
this I just wanna spend mylife  
with you cause you are the one  
that makes me smile I just wanna  
spend mylife with you

You are my dream my love my life..

'Two lover's born into this life  
each born alone half of a whole'

# Mother You Are The Angel That Watch Over Me

I woke up in the morning with heavy head  
I was lazy to get up from my bed  
Eyes still closing I stand up and walked  
to my dressing table right at the corner next to my bed

So I grab the comb,  
And comb my long long messy hair  
Then look at the mirrors  
I see my reflections  
This time I open my eyes widely  
For a minute and seconds I didn't blink  
I was staring at myself and found out  
Something is different on me yeah..

I'm no longer a small child  
That mama use to breast feed  
Just to make sure I'm always full  
and not starving  
I'm no longer a teenagers  
That use to waste all my time  
with friends outside  
Without bothering what mama  
Always advice me everytime  
Before I walked out from the house door.

Today when I looked at myself into the mirrors  
I realize that I can never turned back time,  
I realize that I can never turned back time,  
To the past cause those day is now left a memories,  
To remind myself each day about everything  
that what mama did for me,  
and for us brothers and sisters  
Is not only for herself but it's for our own good.

How I make mama unhappy with my reactions  
for not listening to her advice,  
And how stupid I was for making her sad  
But I was just a kids and I didn't think  
About what mama use to grumble to me all the time

Is not only for herself but it's for my own good.

Oh mother, I know that you sacrifice  
so many things in your life  
To make sure I grow up complete  
like the other children in these world,  
You gave me everything that I never have  
You gave me love, comfort and guidance.

Oh mother, you are the angel that watch over me  
from the bad things and harm,  
Oh mother, even though you can't be here right now  
To share all the happiness  
That god had given to your daughter,  
Somehow I...I...I know that you are out there  
always watching over me.

Today when I looked at myself into the mirrors  
I realize that I can never turned back time,  
I realize that I can never turned back time,  
To the past cause those day is now left a memories,  
To remind myself each day about everything  
I did in the past, thing's and mistakes  
that I can't never undone even If I cry a million of tears.

(Dedicated to my mom's)

# My Love For You Will Always Stay

I wish I could hold you  
In my arms tonight  
And tell you that I love you and  
How much I really care  
but now all I can do is only  
watching you from a far  
While I'm standing here  
all alone with empty smile  
And empty thoughts

I'm feeling cold and dry  
With my emotion  
trying to hide the tears  
That lies at the corner of my eyes  
I'll found myself dancing in the rain  
So no one's will know when I'm crying

There's so many thing  
I wanted to say and make you understand  
baby, I need you to know this  
to love you more is aren't easy  
cause you belong to someone else  
to leave you behind is impossible  
and its hard for me to do  
because in my heart I only love you

Trust in me when I say  
no matter what  
no matter where  
no matter when and  
no matter what happen  
my love for you will always stay

I'll always be here to hold you close  
and I will embrace you

next to my heart  
next to my heart oh, oh

Baby I need you to know this  
to love you more is aren't easy  
cause you belong to someone else  
to leave you behind is impossible  
and it's hard for me to do

Because in my heart  
I only love you  
I only love you oh, oh

Now Trust in me when I say  
no matter what  
no matter where  
no matter when and  
no matter what happen

My love for you will always stay  
My love for you will always stay

# One Last Night

I lie alone in my bed  
one last night  
In no ones arm's  
you came to save me  
from It's lonely  
lonely nights  
now that you are far  
far away from me

sometime when I'm alone  
I would spend my time with you  
all day long In my mind  
only missing you  
hug's yeah  
then tell yeah  
that there's only  
one girl In my heart  
and that Is you

You said yeah  
let me proved it to you  
now closed your eyes  
and lie in my arms tonight  
believe in me that  
we'll see each other again  
In a next one last night

I waited for you here  
one last night  
you came by just when I left  
but I tell myself  
that It's alright  
It's gonna be okay  
cause I know that you and I  
will always have another one more  
one last night

sometime I would want to touched yeah face  
sometime I would want to kiss yeah lips

cause you're my only girl  
I'm you're only boy  
and there's many things  
I wanna tell you  
In a ways that haven't been thinkin' of

Wonder where you are right now?  
and in who's arms you lie?  
are you the angel that  
hug's and kiss me last night?

You said yeah  
let me proved it to you  
now that you are here tonight  
closed your eyes  
and slowly fall's into my arms yeah  
believe in me that  
we'll see each other again  
In a next one last night..

# Painful Truth Of Love

Oh love'd...

I do everything for you,  
I gave my all for you,  
I would sacrificed for you,  
I would changed myself for you...

Be good and nice to you,  
Be thoughtful and kind to you...  
I'll obey and listened to what you say...  
And i've trusted you with  
all my heart...  
But in return all i've got is,  
only a hatred from you...

Oh... love'd...

Have you ever loved someone  
that you can't even sleep at night...?  
Have you ever loved someone  
who's inlove with others...?  
Have you ever loved someone  
who's loving somebody else...?  
Have you ever loved someone that it hurt...?  
Have you ever love someone like that....have you...?

Oh...it hurt  
Oh...it hurt so much,  
don't you realized that  
don't you realized that  
you're breaking my heart,  
you're tearing me apart...  
And my soul is bleeding,  
bleeding like stabbed  
by a thousand knives...

Everytime when i think of you  
and all the hurting things  
that you've done to me,

all i can do is cry,  
cry as much as i can do,  
cry a million tears for you...  
Asking oneself,  
why... why... why... do we have to end in this way...?

Oh...love'd...

Love you with all my heart,  
but in the end all i've got is,  
betrayed by your love,  
betrayed by the love,  
and leaving me breathless....

# Should I.. Or Shouldn'T I..

Should I stay..  
Should I leave?  
Should I hate..  
Should I love?  
Should I disobey..  
Should I listen?  
Should I be nice..  
Should I be heartless?  
Should I be kind..  
Should I be cruel?  
Should I be afraid..  
Should I be strong?  
Should I be sad..  
Should I be happy?  
Should I cry..  
Should I laugh?  
Should I let my emotion rules myself  
and just do what I want?  
Should I just stop asking myself  
what should I do now and what shouldn't I do?  
Should I just listen to what the voices  
in my head saying to me?  
But I end up smiling and smiling  
for what should I have to say the next..  
Should I continue,  
Should I stop?  
Should I.. or shouldn't I?  
Where should I begin again and where should I end?  
Should I or shouldn't I?  
What would you do if you we're in this situation right now?  
Would you do something or just let it be,  
and then you start with your own riots..  
Will you..? would you..?  
Should you.. or shouldn't you?  
What do you think?  
Cus i'm confused I have no clue and I dont know  
what am i supposed to do..  
What to do oh.. What to do! !

# Someday In The Sky

Somewhere in the sky  
Someday if I'm no longer around  
Don't think that I'll forget you  
Just look above the sky  
then think of me and if your  
heartbeat is racing faster  
Suddenly you feel like  
you are missing me..

Don't think that I'll didn't miss you  
Just look above the sky  
My tears will fall like a rain  
and dropp on your cheek's  
To say: hey, don't frown my sweet dreamy angel  
cause I miss you too and I am always here for you..

Someday whenever you are feeling  
empty or feeling blue  
Just look above the sky  
then think of me and make a wish  
That someday you and me  
will be seeing each other again  
Over the rainbow when there is a cloud's  
I will be sitting there waiting for you..

# The Greatest Challenge

WHO are your challenge?

Have you ever asked your self that question,  
did you get the answer and figure it out?

Cause I found my answer to that question.

The challenge is my commitment.

The challenge is my duty.

The challenge is my mission.

The challenge is my plan.

It is the responsibility upon myself.

It is the goal that I must achieve!

My challenge is NOT them, whom or they.

My challenge is YOU, no other than YOU.

My one and only biggest challenge.

IF, it's not because of YOU, (my other self)

I won't be who I am now.

I won't be who I am tomorrow.

I won't be who I was yesterday.

I won't be who I want to be in the FUTURE.

Hey, there (my other self)

the one that keep's challenging

the inside me all this time.

The one that reminding me,

to be strong against all odds.

The one that there to keep an eye

on my conscious mind about all

the challenge's that I have to strived to!

Hey, there (my other self)

The one that never turned back on me.

The one that always keep remembering me

not to give up on all my challenge's in LIFE.

Hey, there (my other self)

Hey, there (the one that is inside me)

Hey, there remember me..? (I am you and you are me)

We're once was a greatest challenge in our ancient TIME.

Hey, there (my other self) Hey, there remember me?

YOU are the challenge to fulfilled all my commitment.  
YOU are the challenge to fulfilled all my duty  
with responsibility and without any hesitation.  
YOU are the challenge to complete all my mission.  
YOU are the challenge to all my planned  
and to do my TASK on details.  
For it's the goal that I must achieve!  
The challenge that made me WHO I AM NOW,  
and the challenge on being WHO I WOULD BE IN YEARS TO COME.

# The Greatest Fear

In the darkest corner of his room he was sitting there all by himself,  
alone in his lonely mind without a smile and without a care,  
He had nothing else left other than his own self,

there is no friend to share his joy and laugh with,  
there is no friend to catch his sorrow and cry with,  
he had nothing else left other than feeling pity and sorry  
for his own self,  
there is no one to tell and listen to his story,  
there is no one to share and to keep his little secret.

He still clearly remember there was a time  
the night is so cold and windy as if,  
Like it was the greatest night for him to smiled again,  
At last! He said to himself. "I have my sunshine".

For the first time in his life he feel so sure  
that he had made his final choice.  
He hold every chances to grab back his sunshine  
but then he let it fade away his famous slice and bias reason,

To give nothing to her is such a shamed!  
He knew that he have nothing for her.  
As for what he is a man like him is a complete zero!  
he just so ashamed of himself.

A miles by every miles his mind traveled,  
alone all by himself,  
the more footsteps he make to continue  
the long journey the bigger his fear become.

Fear of knowing what is waiting for him ahead,  
Fear of knowing what is the consequences  
are when it happens that he made a bad choices,  
Fear of knowing the consequences  
before he decided to make that choices.  
He asked himself,

Could anyone be sure of what they

really wanted is indeed what they ever needed?  
He soon realize his biggest weakness is,  
Fear of knowing what is right and wrong. His damaged.  
Losing her is the greatest mistake he ever done  
For giving another man the chances to take his sunshine smile.

# The Silence..

Silence Is something the something great,  
This silence Is an Innocent might be speechless..  
But this silence know how to whisper..  
It's whispering something that there Is greater than the great..  
Silence Is trying to express that It is creating it's feelings  
and so a people like us will hear them....

# The Story Of A Poet

What can be given by a poet  
when there is nothing that can inspire  
when reality is not enough to inspire  
Did he die with lyric poetry  
which always true rotten and lose readers?  
What a poet should be doing  
when empty meets imagination?  
when time itself is not giving enough space  
for the presence of a single poem  
is not deserve to stay longer  
will he still called a poet?  
Although he no longer able to keep poetry?  
after a long time he never wrote any poem.  
One written above is an outpouring of heart.

# The Two Of Us..

Do you still remember?  
Do you still remember?  
Every memories the two of us  
had share each other?  
at once upon a time,  
You'll wait for me and I'll wait for you  
at the paradise of love  
we spread our wing's and fly high  
up in the sky and feel free like a dove  
Just you and I, the two of us..

Cause I still can freshly remember  
at once upon a time you and me,  
we both use'd to smile and laugh together,  
You tell me your secret and I'll tell you mine  
and the two of us promise that we'll forever  
be friend's and our eternal  
love and friendship would never end  
for It will always remain  
forever last until the end..

And I hear you say,  
(I cross my heart body and soul)  
So, I repeat what you say,  
I cross my heart body and soul.

Just when you think of me  
I think of you too  
(when I'm in your mind)  
You're in my mind too ohh..ohh  
(when I'm in your thought)  
You're in my thought too  
(when I'm in your dreams)  
You're in my dreams too ohh..ohh

(whenever you shut your eyes)  
whenever I shut my eyes  
(you see me standing right there next to your skin)  
And I see you standing right there next to my skin

touching my lip's then slowly caressing my cheek's  
hearing your voice's softly whispering  
and say I'm all your's sweet dreamy angel.

You're like every air I've breath to live  
the one that I would spend the rest of my life with  
the one that make's me brand new and feel so alive

My sweetheart  
My darling  
My love  
My everything  
and my one and only  
heart truely desires..

# The Unfold Silence

Gone like a wind - night wish..

whispering on the air..

unspeakable..

silence unfold..

mind travelled..

Somehow she knew that's her feelings is right this time..

She then tell herself this words..

If it's weren't meant to be then let it be..

Gone like a wind - then forever will be gone..

the love that is lost and unforgiven..

# Till The Shiny Day

I don't know how and where from i start.  
All i want to say is everybody have a dream in their life.  
But not all what we want we've get.  
Some are come true some are not and mine are related with love for someone to  
prove how he mean into my life.

I really treasure these relationship cus he is apart of my life.  
I'd love to see him everyday how he used the good in every way cus he and only  
he could stole my heart.  
What most hurting me  
is when knowing that there's a huge wall standing between us;  
were separated by time  
and the distance.

Somehow, i know that never change anything to me cus all i want is to make  
them come true.  
But, sometime when thing never happened the way  
we wan't it, when we almost there and grapst it but it slipped from our life just  
like a quick-silver...

Why, Over again this word playing on my mind, but i can't find any answer.  
Why love will turn  
someone into worry and fear.  
I've been thinking about  
this since the thing happened i left to reply him.

They say life is unfair yes  
it's true and i do believe that sometime life can be  
so unfair to us.  
But never about someone saying that life is,  
unfaithful life is a game  
like hide-and-seeking.

I've come to realised and trying to figure out some reason.  
I make a guess this time, but still i wanna listen some truth from him.  
Convince him not to worried anything cus whatever he say it would be  
acceptable.  
Where as we've know there is REALITY and FATE.

I don't know how far we can go and hide from reality.  
When truth is revealed and all the things whatsoever it would do to him even so to  
me, it makes me worry  
and fear to know what would happened then.  
When faith are against  
the will we've might end up in a hatred way frustrated and feeling depressed.

I couldn't count all on love to find it ways and embrace our heart.  
How fortune if i could turn dream into reality.  
Cus he and only he could painted a smile on my face.  
He and only he filled my empty life with laughter's and spoil me with lots of love.  
All i want is a sincerity on love and to make it come true.  
'Till the shiny day dreaming of Paradise...'

## Till The Shiny Day II

There was a young lady called whitey who once  
had the same journey with a darkie, whitey went through the path that bring her  
fall at the cave.  
In silence she asking oneself how is it that i strayed from the garden and seem to  
this trapped i have fallen...?  
(voices whispering)  
Hey, there lonely girl  
you are not alone we went through the same path  
that bring you here,  
and the path you went through allow us being together at the same cave.  
By chance it's god make it happened you have to carry on the walk through the  
dark cave.  
Don't be afraid said darkie  
i will be there for you to lead you out from the dark cave.  
By touching the wall even it's too dark, i will try to do the best that i can to bring  
you out from the  
'DARKNESS' back to the shine.  
Once you see the light of  
the sun shine from the cave that is the way out of yourself, by time you need no  
more hunting for the light no more darkness.  
You can now jump with laughters and have your happiness.  
Always remember never forget the journey in the darkness of the cave we went  
through. I'll be seeing you from the cave waving goodbye..  
'TILL THE SHINY DAY' whitey.  
But why it's always goodbye in the end..  
Even if there is a shine to light up the way..  
'Darkie, don't you know that it is hard to wave goodbye...? '

# To Be A Man

You've got to respect all others fight when needed back-off when necessary show compassion when needed help and listen when desired and show feeling's if need to be.

To know his limitation as a human being and respect others a man does not disrespect woman he does not take advantage even if they would allow it.

A man has self-respect, A man doesn't produce children unless he is capable of being there to raise them.

A man realized he will always be attracted to others woman and his matured enough to not act on that once his in a committed relationship.

A man is a real man when he is able to listen to his woman when she say's no and he back-off and doesn't forced her into anything he is most definitely a man when he does NOT HIT a woman.

He must be honest, strong doesn't change his views to suit whom ever he is with.

A man is true to his word if he say he will do something he does it! !

# True Love Never Die

When it was time for journey all the world is in the past.. Though the wind  
blown, rain drips through and the earth will drowned.. There is nothing will left  
the whole world is swept away.. Except the mark that he left inside her from the  
very start,

It will never be swept and fade..

What he left in her heart will remains in the heart and live forever...

Zaarah Jasmin

# Truth Of Lie

LIE was never a friend to me,  
LIE was my enemy,  
LIE was the reason of my failure in life...

LIE was the reason of every tears dropp from my eyes...

LIE has taught me the value of each word...  
And now I have learned to speak only the TRUTH...

# Voiceless Night

Unspeakable silence night hearing the sound  
of a thunder growling outside It's cold and  
dark alone in my lonely mind that passing  
through I think, think, and think again  
done it over and over in my mind tears just  
flowing down from my eyes.

I think, think and think again so I done it  
over and over in my mind voiceless fought  
with the emotion that trapped deep inside.

Then I hear this voices whispering to me,  
warm voices soft voices cold voices in my  
head they keep rewinding over again so I  
think, think and think again done it over and  
over in my mind but I'm just clueless without  
a words and frozen.

Godma? grandma? where are you now?  
are you in a happy places right now?  
coz I need to know that you are there,  
there in my mind and my heart please be there  
and don't go too far away from me.

I know that it's been so long since you've  
been gone and no matter where you are  
right now, I wish you are in a place that you  
should be, that is heaven.

I pray for that in my heart coz in my heart  
you will remain inside me.  
Godma, grandma? are you out there watching  
me with a smile?

Coz I miss you so much, yes I do and I will  
always do for I will wait till the day of kingdom  
shall come and we all could be together again.

Godma, grandma..

I miss you like a flower miss the sun..

Zaarah Jasmin

## What If..

What if, God  
Couldn't take the  
Time to bless us  
Today because we  
Couldn't take the  
Time to thank Him  
Yesterday?

What if, God  
Decided to stop  
Leading us  
Tomorrow because we  
Didn't follow Him  
Today?

What if, we will never  
Saw another  
Flower bloom  
Because we  
Grumbled when God  
Sent the Rain?

What if, God didn't  
Walk with us  
Today because we  
Failed to recognize it as  
His day?

What if, God took  
Away the Bible / Quran  
Tomorrow because  
We would  
Not read it anyway?

What if, God took  
Away His message  
Because we failed  
To listen to the  
Messenger?

THINK ABOUT THIS ONE

What if, God  
Didn't send His only  
Begotten Son  
Because He  
Wanted us to be  
Prepared to pay  
The price for sin?

What if, the door  
Of the Mosque / church  
Was closed because  
We did not open the door  
Of our heart?

What if, God  
Stopped loving and  
Caring for us  
Because we  
Failed to love  
And care for  
Others?

What if, God would  
Not hear us  
Today because we  
Would not  
Listen to Him?

What if, God  
Answered our prayers  
The way we answer  
His call  
To service?

What if, God met our  
Needs the way  
We give Him our  
Lives?

What if, God given you a chances  
to change your life and destiny  
are you ready to face every obstacles  
that will come along your way?

What if, you'll let those time  
and the given chances pass you by,  
But soon as you realized,  
It was already too late?

Will you complain to GOD  
then start blaming him,  
For every of the mishappen in your life?  
cause at one time it was you  
who decided to choose that path  
and put yourself into it..

## Why..[[? ]]

Why do i'm missing you,  
Why do i fall for you,  
Why do i love you,  
Why do i care so much about you,  
Why can't i stop thinking of you,  
Why it's so hard for me to leave you behind,  
Although its you're the one who asked for it,  
Why can't i erase all those memory out from my head,  
Why dont you just stay there,  
Stay there in the past,  
and don't ever come closer to me,  
Don't you know that it deeply hurts me,  
Don't you know that for you i she'd a thousand tears...  
Don't you feel guilty at all,  
for saying those words,  
those words which really broke my heart...  
For saying those words,  
those words which make me walk away...  
Still here i am standing all alone...  
Alone in my lonely mind,  
thinking about the time and every moment with you,  
the time when we're still together...  
Holding at each other hand,  
So tight with all the strengths we had,  
wishing for a magical moment,  
for our dream to become ones...  
Then with a low voice i'd asked you,  
Sweetheart have you ever love me,  
Gently i hear you say...  
I love you sweet angel and be sure,  
that you know i'll always love you,  
Loved you until the last beat of my heart...  
But why when everything is seems alright,  
you messed up if it's love,  
why it's always hurt,  
and everytime you said you love me,  
Do you really mean what you say,  
if it's only an empty false hope,  
don't ever say those words to me,

And don't ever come closer to me,  
Just stay there,  
Stay there in the past and leave me behind.

## You - Im Letting You Go..[[? ]]

I'm letting you go,  
Is not because,  
I dont love you..  
I'm letting you go,  
Is because I'm madly inlove with you,  
I'm letting you go, couse I'm afraid of losing you..  
I'm letting you go, couse I'm not good enough for you..  
I'm letting you go, couse  
I could never gave you anything,  
I could never gave you anything and happiness that you want..  
I'm letting you go, couse  
I could only make you feel PAIN..  
I could only make you feel pain and seeing you SUFFER..  
I'm letting you go, couse  
It is better that way, now take my heart with you and just leave me away...

Zaarah Jasmin

# You And I - (So Love Me Right Now Though It Will Never Last)

I was unable to breath,  
to laugh and to smile..  
I was unable to stand up for mylife..

Until when i found you, you've taught me how to love again and you make me believe that happiness could be mine..

I can't deny that you've did change mylife for a better..  
I found everything in you, you were my comfort when I was on thorns..

You were my moonlight when I was walking alone in the darkness of the night..

You show me the pure meaning of love to spread my wings and fly anywhere out there and somewhere up there In the sky..

I found a happiness that once has faded away from me..  
I learned how to smile again..  
I learned how to laugh with joy and to trust one another..

I know that this will only last for awhile,  
And I know that this will never last to the end..  
Couse from the very start YOU and I both know that we would never be together..

Love'd.. please, don't blame yourself anymore..  
I never regret knowing you in mylife, and I never blamed you at all..

Couse for everything that happen to us,  
It happen for a reason.. Perhaps GOD has a better planned for both of us..

A better planned for YOU and I and if it's meant to be, our love will find each other..

And when we met our heart will melts together,  
So will our body and soul then every words.

That's how incredible a DREAM could be when it turns into REALITY..

'So love me right now though it will never LAST'

Zaarah Jasmin

## You And I- Goodbye \*the End\*

Thinking of you is pain, thinking of you is sad.  
But still thinking of you  
and the love that we shared.  
Perhaps the love is still  
with you.  
Forgiving you it's hard for me to do.  
You never how you broke heart, you never know  
how the pain is.  
I'll let the pain go from  
this moment and there  
will be no more love spoken..

# You And I-Love At First Sight

I'm not sure if we fell

The only thing i knew  
the first time i saw you looked at me, and i looked at you.  
Never cross the bar how incredible things found me and i found you, we've  
found love on our ways finding each other.  
Never will there be the joys we don't share.  
Never forget the dream that we've shared.  
Without your love my life would lose it's meaning...

# You Are My Brightest Star

Alone in my dark mind as the darkness fall around the night..  
I looked into the sky and find one star that shines so bright..  
I close my eyes and make a wish..  
I think of you and only you As i open my eyes..  
I looked up to sky again then I see beyond..  
all the stars In the sky I would say that the most sparkling..  
star that shines so bright Is when I look into your eyes..
